

# PSU CONFINED SPACE ENTRY PROGRAM

# PERMIT REQUIRED CONFINED SPACES

PSU employees are not permitted to enter, or perform work in, permit-required confined spaces

*No exceptions!*

Most of these spaces are marked at the entrance

**\*\*If there is no designation at the entrance contact EHS before entering**

# NON-PERMIT REQUIRED CONFINED SPACES

## *Evaluate*

If your work task creates an additional hazard the space should be re-evaluated with EHS

\*\*If the task to be performed creates an additional hazard that then designates the space as permit required, the task will need to be performed by a contractor
