

**University Mission**

(Approved by the Board in December 1999)

***Preamble***

As part of the Oregon University System, Portland State University’s vision is to enhance recognition of the value of higher education by continually strengthening the metropolitan environment and utilizing that strength for its own growth toward standards of excellence in accessible high-quality research, teaching, and outreach programs. As a microcosm of the global society, the metropolitan environment becomes a laboratory for Portland State in this vision. It is the vision of a university that will set the standard for institutions located in an urban setting.

***Mission Statement***

The mission of Portland State University is to enhance the intellectual, social, cultural, and economic qualities of urban life by providing access throughout the life span to a quality liberal education for undergraduates and an appropriate array of professional and graduate programs especially relevant to metropolitan areas. The University conducts research and community service that support a high-quality educational environment and reflect issues important to the region. It actively promotes the development of a network of educational institutions to serve the community.
