**Global Aging and Health: Enhancing
Communities in Nicaragua**

This partnership between PSU's Institute on Aging, the College of Liberal Arts and Sciences, and the Jessie F. Richardson Foundation (JFR) began with the joint design and teaching of a multidisciplinary service learning course on global aging and health with a focus on Nicaragua, which culminated with two weeks of service with elders in Nicaragua. Now in its sixth year, the program has involved 86 students, 7 faculty, and 11 staff.
