Conflict Resolution

### **African Diaspora Dialogue Project**

The African Diaspora Dialogue Project (ADDP) is a collaboration between PSU's Conflict Resolution (CR) Program and the Immigrant and Refugee Community Organization (IRCO). ADDP has provided assessment processes, dialogue and reconciliation groups, facilitation training and capacity building in African refugee communities struggling with historic communal conflicts. Groups from the Great Lakes Region and Somalia have participated in the project thus far. With award funds, we are hoping to expand this work to communities from Ethiopia/Eritrea and Liberia/Sierra Leone.
