

SAMPLE INTERNSHIP DESCRIPTION – NOT CURRENTLY OPEN – FOR INFORMATION ONLY

Nalco Intern Nalco Company

Nalco Company is looking for students pursuing a technical degree that would be interested in an Internship or Part Time opportunity in support of customers in the Portland, Oregon area. This opportunity will consist of 10 to 20 hours per week. The work schedule will be flexible and will work around your school schedule. The position will provide an opportunity to gain knowledge and experience with many types of industrial processes including water treatment systems and monitoring of these processes.

This position will involve working with Nalco engineers to improve the operational efficiency of customer facilities and reduce water usage and develop water reuse programs. The duties will include but not limited to water testing, special studies of plant operating equipment data acquisition and monitoring, working with customer's operators, writing service reports and developing operational metrics.

The desired candidate will have excellent oral and written communication skills, have a desire to learn more about industrial cooling water processes and making them more sustainable, enjoy being part of a team of professionals, and have a desire to have a flexible work schedule.
