

**Teacher**

**Germany**

I am a resident of Germany. I am not a United States citizen. I have not been lawfully accorded the privilege of residing permanently in the United States as an immigrant.

I am a professor or teacher visiting the United States for the purpose of advanced study, teaching, or research at the Oregon University System. I will receive compensation for my teaching, research, or study activities. Any research I perform will be undertaken in the public interest and not primarily for the private benefit of a specific person or persons.

The compensation received during the entire tax year (or during the period from \_\_\_\_\_ to \_\_\_\_\_) for these activities qualifies for exemption from withholding of federal tax under the tax treaty between the United States and Germany. I have not previously claimed an income tax exemption under that treaty for income received as a student, apprentice, or trainee during the immediately preceding period. (If, however, following the period in which the alien claimed benefits as a student, apprentice, or trainee, that person returned to Germany and resumed residence and physical presence before returning to the United States as a teacher or researcher, that person may claim the benefits of this treaty.)

I arrived in the United States on \_\_\_\_\_ [***insert the date of your last arrival in the United States before beginning the services for which the exemption is claimed.***] The treaty exemption is available only for compensation paid during a period of two years beginning on that date.
