

### **Overall Description**

The Research Greenhouse (RGH) is a single-floor space with the main entrance being located through covered patio V100 in the northeast corner of the greenhouse. The only wheelchair accessible entrance is located on the northwest corner of the building facing west from work room 100C. The main greenhouse lobby 100 is located centrally in the middle of the north end of the building. Main lobby 100 is bordered on the north by single-occupancy all-gender restroom 100B toward the west and by office 100A toward the east. Lobby 100 is bordered on the east by covered patio V100 with access to College Street. Lobby 100 is bordered on the south by corridor C100 with access to greenhouses 101 through 104. Lobby 100 is bordered on the west by mechanical room 100D toward the south and by workroom 100C toward the north.

Corridor C100 is bordered on the north by the main greenhouse lobby 100 with access to single-occupancy all-gender restroom 100B, office 100A, work room 100C, mechanical room 100D, and covered patio V100. Corridor C100 is bordered on the east by greenhouse 102 at the north end and by greenhouse 104 toward the middle. Corridor C100 is bordered on the south by the exit to exterior gardens (no wheelchair access). Corridor C100 is bordered on the west by greenhouse 103 toward the middle and by greenhouse 101 at the north end.

### **Restrooms**

Restroom 100B is located to the northwest corner of the main greenhouse lobby 100. Restroom 100B is a single-occupancy, all-gender restroom.

### **Wheelchair Accessible Entrances and Exits**

Wheelchair access to RGH can only be made via the west entrance at the northwest corner of the building.

### **Elevators**

There are no elevators in RGH. RGH is a single-story building with no roof access.

### **Stairs**

There are no stairwells in RGH. However, a set of exterior stairs is located on the north side in the northeast corner of the building. This short set of stairs provides pedestrian access to the main greenhouse lobby 100 through covered patio V100. Another short set of exterior stairs is located near the center of the south end of the exterior gardens. This set of stairs provides access only between the lower and upper levels of the exterior gardens.

**Overall Description**

The roof of Research Greenhouse (RGH) is restricted and not accessible.
