

Overall Description

In the Sub-Basement of Science Building One, the main area is mainly mechanical space on the east side with the west side consisting of smaller suites. The elevator is located on the west side of the building. The elevator lobby for elevator SBE23 is bordered to the west by suite SB6 and corridor SBC1. The elevator lobby is bordered to the south by corridor SBC1 and stairwell SBS1.

Restrooms

There are no restrooms located in the Sub-Basement. Restroom access can be made on the basement floor.

Wheelchair Accessible Entrances and Exits

Wheelchair access to the Sub-Basement is made by elevator and can be accessed from Floor 1.

Elevators

One elevator is located on the west side of the building. Elevator SBE23 provides access to the Sub-Basement through Floor 6.

Stairs

Stairwell SBC1 is located just south of corridor SBC1. This stairwell has access to all floors.

Overall Description

On the Basement of Science Building One, the elevator is located on the west side of the building. The elevator lobby for elevator E23 is bordered to the south by corridor C1 that leads to suite 1 heading west. The elevator lobby is bordered to the east by suite 2 and corridor C2.

Restrooms

The restrooms are located along corridor C6 just southeast of the elevator and lobby. Room 23 is the women's restroom located east and 26 is the men's restroom located west.

Wheelchair Accessible Entrances and Exits

Wheelchair access to the Basement is made by elevator and can be accessed from Floor 1.

Elevators

One elevator is located on the west side of the building. Elevator E23 provides access to all Floors.

Stairs

Stairwell S1 is located just south of corridor C1 and elevator E23. This stairwell has access to all floors. Stairwell S2 is located just south of corridor C5. This stairwell has access to the Basement through Floor 6.

Overall Description

On Floor 1 of Science Building One, the elevator is located on the west side of the building. The elevator lobby is bordered to the south by vestibule V103 that leads to corridor C101 heading east and the main wheelchair accessible entrance heading west. The elevator lobby is bordered to the east by corridor C101 that leads to corridor C102 heading north and corridor C104 heading south.

Restrooms

There are no restrooms on Floor 1 of Science Building One. Restroom access can be made on the basement floor or the First Floor Mezzanine.

Wheelchair Accessible Entrances and Exits

Wheelchair entry into the building can only be made via Floor 1. Wheelchairs enter on SW 11th Avenue using the ramp and follow the path directly east to the elevator.

Elevators

One elevator is located on the west side of the building. Elevator E123 provides access to all Floors.

Stairs

Stairwell S101 is located just south of vestibule V103 and elevator E123. This stairwell has access to all floors. Stairwell S102 is located on the east side of the building and is just south of vestibule V101. This stairwell has access to the Basement through Floor 6. Stairwell S103 is located directly east of vestibule V102 and is just south of corridor C102. This stairwell has access to Floor 1 through Floor 1 Mezzanine. Stairwell S104 is located along corridor C105. This stairwell has access to Floor 1 through Floor 1 Mezzanine. Stairwell S105 is located within suite 107. This stairwell has access to the upper level within suite 107 only.

Overall Description

On the Floor 1 Mezzanine of Science Building One, the main area consists of small suites along with two sets of stairs to help reach the mezzanine. The east side of the mezzanine has nothing located in it which creates an open space. There are no elevators that have access to the Mezzanine.

Restrooms

The restrooms are located just south of stairwell SM102 and corridor CM102. Room M105A is the women's restroom located east and M104 is the men's restroom located west.

Wheelchair Accessible Entrances and Exits

Wheelchair access is not available to the Floor 1 Mezzanine.

Elevators

There are no elevators that can access the Floor 1 Mezzanine.

Stairs

Stairwell SM102 is located just north of corridor CM102. This stairwell has access to Floor 1 through the Floor 1 Mezzanine.

Overall Description

On Floor 2 of Science Building One, the elevator is located on the west side of the building. The elevator lobby is bordered to the south by corridor C201 that leads to suites 203, 225, 204, 224, 205, 221, and 206 heading east; and stairwell S201. The elevator lobby is bordered to the east by suite 203.

Restrooms

Restrooms are located on the east end of corridor C201. Room 211 is the women's restroom located north and 214 is the men's restroom located south.

Wheelchair Accessible Entrances and Exits

Wheelchair access to Floor 2 is made by elevator and can be accessed from Floor 1.

Elevators

The elevator is located on the west side of the building. Elevator E223 provides access to all floors.

Stairs

Stairwell S201 is located just south of corridor C201 and elevator E223. This stairwell has access to all floors. Stairwell S202 is located just south of corridor C201 towards the east end. This stairwell has access to the Basement through Floor 6.

Overall Description

On Floor 3 of Science Building One, the elevator is located on the west side of the building. The elevator lobby for elevator E323 is bordered to the south by corridor C301 that leads to suites 303, 327, 326, 304, 306, 307, 308, 309, 320, and 321 heading east; and stairwell S301. The elevator lobby is bordered to the west by suites 332 and 333.

Restrooms

Restrooms are located on the east end of corridor C301. Room 311 is the women's restroom located north and 315 is the men's restroom located south.

Wheelchair Accessible Entrances and Exits

Wheelchair access to Floor 3 is made by elevator and can be accessed from Floor 1.

Elevators

One elevator is located on the west side of the building. Elevator E323 provides access to all floors.

Stairs

Stairwell S301 is located just south of corridor C301 and elevator E323. This stairwell has access to all floors. Stairwell S302 is located just south of corridor C301 towards the east end. This stairwell has access to the Basement through Floor 6.

Overall Description

On Floor 4 of Science Building One, the elevator is located on the west side of the building. The elevator lobby for elevator E423 is bordered to the south by corridor C401 that leads to suites 402, 426, 403, 404, 405, 406, 425, 424, 409, 421, and 413; and stairwell S401. The elevator lobby is bordered to the west by suites 429 and 430.

Restrooms

Restrooms are located on the east end of corridor C401. Room 411 is the women's restroom located north and 415 is the men's restroom located south.

Wheelchair Accessible Entrances and Exits

Wheelchair access to Floor 4 is made by elevator and can be accessed from Floor 1.

Elevators

One elevator is located on the west side of the building. Elevator E423 provides access to all floors.

Stairs

Stairwell S401 is located just south of corridor C401 and elevator E423. This stairwell has access to all floors. Stairwell S402 is located just south of corridor C401 towards the east end. This stairwell has access to the Basement through Floor 6.

Overall Description

On Floor 5 of Science Building One, the elevator is located on the west side of the building. The elevator lobby for elevator E523 is bordered to the south by corridor C501 that leads to suites 503, 541, 540, 506, 508, 538, 509, 536, 511, 535, 512, 531, 515, 516, and 529; and stairwell S501. The elevator lobby is bordered to the west by suite 545A.

Restrooms

Restrooms are located on the east end of corridor C501. Room 525 an all-gender restroom.

Wheelchair Accessible Entrances and Exits

Wheelchair access to Floor 5 is made by elevator and can be accessed from Floor 1.

Elevators

One elevator is located on the west side of the building. Elevator E523 provides access to all floors.

Stairs

Stairwell S501 is located just south of corridor C501 and elevator E523. This stairwell has access to all floors. Stairwell S502 is located just south of corridor C501 towards the east end. This stairwell has access to the Basement through Floor 6.

Overall Description

On Floor 6 of Science Building One, the elevator is located on the west side of the building. The elevator lobby for elevator E623 is bordered to the south by corridor C601 that leads to suites 616, 603, 615, 614, 604, 613, 605, 611, 606, 610, 607, and 609; and stairwell S601. The elevator lobby is bordered to the west by suite 601.

Restrooms

There are no restrooms on Floor 6 of Science Building One. Restroom access can be made on the fifth floor.

Wheelchair Accessible Entrances and Exits

Wheelchair access to Floor 6 is made by elevator and can be accessed from Floor 1.

Elevators

One elevator is located on the west side of the building. Elevator E623 provides access to all floors.

Stairs

Stairwell S601 is located just south of corridor C601 and elevator E623. This stairwell has access to all floors. Stairwell S602 is located just south of corridor C601 towards the east end. This stairwell has access to the Basement through Floor 6.

Overall Description

The Science Building One Roof is restricted access and cannot be accessed by a public entrance.
