WHEN COVERAGE BEGINS

Coverage under the Plan once premium has been collected will become effective at 12:01 AM on the later of, but no sooner than:

- The Policy effective date;
- The beginning date of the term for which premium has been paid;
- The day after the online enrollment is complete and premium payment is received by Academic HealthPlans, Authorized Agent or University.

The below enrollments will be allowed a 14 day grace period from the term start date to enroll whereby the effective date will be backdated a maximum of 14 days. No policy shall ever start prior to the term start date:

- All hard-waiver and mandatory (insurance is required as a condition of enrollment on campus)
- All re-enrollments into the same exact policy if re-enrollment occurs within 31 days of the prior policy termination date.

WHEN COVERAGE ENDS

Insurance of all Insured Persons ends at 11:59 PM on the earlier of:

- Date the Policy terminates for all Insured Persons; or
- End of the period of coverage for which premium has been paid; or
- The start of the term if the Insured Person ceases to be eligible for the insurance; or
- Date the Insured Person enters military service.
- In the event there is overlapping coverage under the same group number, the policy with the earliest effective date will stay in force through its termination date and the subsequent policy will go into effect immediately afterward with no gap in coverage.

HEALTH INSURANCE REQUIREMENT AND ELIGIBILITY

Domestic Students

No dependent coverage is offered to domestic students under this plan.

- All registered domestic students taking five (5) or more Portland State University (PSU) institutional credits* during Fall, Winter and Spring/Summer terms are automatically enrolled in the PSU-sponsored Student Health Insurance Plan unless they choose to submit an approved online insurance waiver of comparable coverage.
- The cost per term is \$1,256 for Fall, Winter and Spring/Summer terms. All students who have the Spring term insurance will automatically be covered through Summer term, for no added cost, regardless of graduation, vacation term, or number of Summer credit hours. The Summer Only rate is \$917.
- The Student Health Insurance Plan can be used worldwide and referrals or use of Center for Student Health and Counseling (SHAC) are not required.
- If you are not enrolled in five (5) or more credit hours by the waiver deadline, you will not be eligible for the PSU-sponsored Student Health Insurance Plan.

*NOTE: Restricted Differential credits do not apply to the PSU health insurance mandate. These types of credits are mostly study abroad and some continuing education courses. For information, please visit pdx.edu/student-finance/tuition. Please check the footnotes of your class descriptions of your student account to see whether or not you have been charged.

International Students

- PSU requires all international students with F-1 and J-1 visa status, and taking 1 or more credits, to have adequate medical insurance coverage.
- These students must purchase year-round health insurance coverage through the University even during vacation terms or while out of the country.
- The cost per term is \$1,256 for Fall, Winter, and Spring/Summer terms. All students who have the Spring term are covered through Summer term for no added cost, regardless of graduation, vacation term, or number of Summer credit hours. The Summer Only rate is \$917.
- For dependent coverage and information about enrolling in weekly insurance if on Optional Practical Training (OPT) or extending insurance before or after a term, please email insurancehelp@pdx.edu.
- The Student Health Insurance Plan can be used worldwide and referrals or use of SHAC are not required.
- Sponsored students, J-1 students, and students provided U.S. employer sponsored health insurance may qualify to waive out of the mandatory PSU Health Insurance Plan. To see if you qualify, visit pdx.edu/health-counseling/international.

Eligibility Requirement

You must meet the Eligibility requirements each time you pay a premium to continue insurance coverage. It is the student's responsibility to make timely renewal payment to avoid a lapse in coverage.

Eligible students who involuntarily lose coverage under another group insurance plan are also eligible to purchase the Portland State University Student Health Insurance Plan. These students must provide the PSU Student Health Insurance Coordinator, located at SHAC, with proof that they have lost insurance through another group (certificate and letter of ineligibility) within 31 days of the qualifying event. The effective date would be the later of: a) term effective date, or b) the day after prior coverage ends if enrollment request is received by the PSU Health Insurance Coordinator within 30 days from loss of prior coverage.

To be an Insured under the Policy, the student must have paid the required premium and his/her name, student number and date of birth must have been included in the declaration made by the School or the Administrative Agent to the insurer. All students must actively attend classes for the first 14 consecutive days following their effective date for the term purchased, and/or pursuant to their visa requirements for the period for which coverage is purchased, except during school authorized breaks or in case of a medical withdrawal, approved by your school and any applicable regulatory authority. Please contact your school or Academic HealthPlans for details.

Dependent Coverage

Domestic Students

No dependent coverage is offered to domestic students under this plan.

International Students

Dependent enrollment in this plan is voluntary. Eligible international insured Students may purchase Dependent coverage at the time of student's enrollment in the plan; or within 31 days of one of the following qualified events: marriage, addition of domestic partner, birth, or adoption. Eligible dependents are the spouse or legally registered and valid domestic partner which resides with the Insured Student, and the student's, the spouse's, or the domestic partner's natural child, stepchild, or legally adopted child under 26 years of age. No coverage is offered to Newborns if the dependent is not enrolled in this plan

Dependents must be enrolled for the same term of coverage for which the Insured Student enrolls. Dependent coverage expires concurrently with that of the Insured Students and Dependents must re-enroll when coverage terminates to maintain coverage. It is the student's responsibility to enroll their eligible dependents before the enrollment deadline listed in this brochure. No reminder will be sent to students or dependents covered under the plan. To enroll your dependent(s) visit psu.myahpcare.com.

Please make sure you understand your school's credit hour and other requirements for enrolling in this plan. PacificSource Health Plans reserves the right to review, at any time, your eligibility to enroll in this plan. If it is determined that you did not meet the school's eligibility requirements for enrollment, your participation in the plan may be terminated or rescinded in accordance with its terms and applicable law.

Withdrawal From School

If you leave PSU for the reason of a covered accident or sickness resulting in a university approved medical leave of absence and were enrolled in SHIP the prior term, you will be eligible for a single term of continued coverage under the PSU SHIP once per academic career. For information to see if you qualify, please contact the SHAC Insurance team at insurancehelp@pdx.edu.

INSURANCE WAIVER INFORMATION

If you have insurance that is comparable* to the PSU Student Health Insurance Plan offered through a different insurance company (i.e. through an employer, spouse, parent/guardian, OHP, etc.) and DO NOT want to take part in this PSU Plan, you must complete the online waiver process by the Waiver Deadline or your student account will be charged. Students only need one approved waiver per academic year (09/20/2024 - 09/19/2025).

If you do not have insurance no action is required. You will automatically be enrolled in the PSU PacificSource Student Policy each term you are eligible (Fall, Winter, Spring/Summer combination), and your student account will be charged.

*Comparable coverage requires no more than a \$2,500 deductible and at least 70% inpatient hospitalization coverage. To waive out of the insurance plan you must complete the online waiver by the waiver deadline at psu.myahpcare.com.

Rates include a premium payable to PacificSource Health Plans, as well as administrative fees payable to PSU and Academic HealthPlans (AHP). NAVIGATOR NETWORK

PacificSource has arranged for you to access the PacificSource Navigator Network. It is to your advantage to utilize an In-Network Provider because savings can be achieved from the Contracted Allowable Fee these providers have agreed to accept as payment for their services. Students are responsible for informing their providers of potential out-of-pocket expenses for a referral to both a In-Network Provider and an Out-of-Network Provider. In-Network Providers are independent contractors and are neither employees nor agents of either University or PacificSource. To find an In-Network Provider, you can use PacificSource's online provider directory located at pacificsource.com/psu.

COORDINATION OF BENEFITS

If the Enrollee is insured under more than one group health plan, the benefits of this Plan that covers the insured student will be used before those of a plan that provides coverage as a dependent. When both parents have group health plans that provide coverage as a dependent, the benefits of the plan of the parent whose birth date falls earlier in the year will be used first. The benefits available under this Plan may be coordinated with other benefits available to the Enrollee under any auto insurance, Workers' Compensation, Medicare, or other coverage. This Plan pays in accordance with the rules set forth in the Policy.

EXTENSION OF BENEFITS

If an Enrollee is confined to a hospital on the date his or her insurance terminates, expenses incurred after the termination date and during the continuance of that hospital confinement, shall be payable in accordance with the Plan until the Enrollee is released or benefits are exhausted, whichever occurs first.

ID CARDS

Medical ID cards may be shipped before or shortly after your policy effective date. Providers need the ID number shown on your ID card to identify you, verify your coverage and bill PacificSource. You do not need an ID card to be eligible to receive benefits; if you need medical attention before receiving your ID card, benefits will be payable according to the Policy. Once you have received your ID card, present it to the provider to facilitate prompt payment of your claim. You can also print your ID cards at: pacificsource.com/psu or access an ID card on your mobile device using the [myPacificSource mobile app](#).

DEFINITIONS

Allowable Fee is the dollar amount established by PacificSource for reimbursement of charges for specific services or supplies provided by out-of-network providers. PacificSource uses several sources to determine the allowable fee. Depending on the Service or supply and the geographical area in which it is provided, the allowable fee may be based on data collected from the Centers for Medicare and Medicaid Services (CMS), other nationally recognized databases, or PacificSource, as documented in PacificSource’s payment policy.

Appeal means a written or verbal request from an enrollee or, if authorized by the enrollee, the enrollee’s authorized representative, to change a previous decision made by PacificSource concerning:

- Access to healthcare benefits, including an adverse benefit determination made pursuant to utilization management,
- Claims payment, handling or reimbursement for healthcare services,
- Matters pertaining to the contractual relationship between an Enrollee and PacificSource,
- Rescissions of enrollee’s benefit coverage by PacificSource; and
- Other matters as specifically required by law.

Authorized Representative is an individual who by law or by the consent of a person may act on behalf of the person. An authorized representative must have the member complete and execute an Authorization to Use or Disclose PHI form and a Designation of Authorized Representative form, both of which are available at [Pacificsource.com/PSU](https://www.pacificsource.com/PSU), and which will be supplied to you upon request. These completed forms must be submitted to PacificSource before PacificSource can recognize the authorized representative as acting on behalf of the member.

Coinsurance means a defined percentage of the allowable fee for covered services and supplies the member receives. It is the percentage the member is responsible for, not including copays and deductibles. The coinsurance amounts the member is responsible for are listed in your Schedule of Benefits.

Contracted Allowable Fee is an amount PacificSource agrees to pay an In-Network Provider for a given service or supply through direct or indirect contract.

Copayment (also referred to as copay) is a fixed, up-front dollar amount the member is required to pay for certain covered services. The copay applicable to a specific covered service is listed under that specific benefit in your Schedule of Benefits.

Covered Expense is an expense for which benefits are payable under this Plan subject to applicable deductible, copayment, coinsurance, out-of-pocket maximum, or other specific limitations.

Deductible means the portion of the healthcare expense that must be paid by the member before the benefits of this plan are applied. A plan may include more than one deductible.

Emergency Medical Condition means a medical condition:

- That manifests itself by acute symptoms of sufficient severity, including severe pain that is a prudent layperson possessing an average knowledge of health and medicine would reasonably expect that failure to receive immediate medical attention would;
- Place the health of a person, or an unborn child in the case of a pregnant woman, in serious jeopardy;
- Result in serious impairment to bodily functions; or
- Result in serious dysfunction of any bodily organ or part.
- With respect to a pregnant woman who is having contractions, for which there is inadequate time to affect a safe transfer to another hospital before delivery or for which a transfer may pose a threat to the health or safety of the woman or the unborn child.

Generic Drugs are drugs that, under federal law, require a prescription by a licensed physician (M.D. or D.O.) or other licensed medical provider, and are not brand name medications. By law, generic drugs must have the same active ingredients as the brand name medications and are subject to the same standards of their brand name counterparts. Generic drugs must be approved by the FDA through an Abbreviated New Drug Application and generally cannot be limited to a single manufacturer.

In-Network Provider means a physician, healthcare professional, dentist, oral surgeon, endodontist, orthodontist, periodontist, pedodontist, denturist, dental hygienist, hospital, medical facility, or supplier of medical supplies that directly or indirectly holds a provider contract or agreement with PacificSource.

Injury means bodily trauma or damage that is independent of disease or infirmity.

Medically Necessary means those services and supplies that are required for diagnosis or treatment of illness, injury, or disease and that are:

- Consistent with the symptoms or diagnosis and treatment of the condition;
- Consistent with generally accepted standards of good medical practice in your plan's state of issue, or expert consensus physician opinion published in peer-reviewed medical literature, or the results of clinical outcome trials published in peer-reviewed medical literature;
- As likely to produce a significant positive outcome as, and no more likely to produce a negative outcome than, any other service or supply, both as to the illness, injury, or disease involved and the patient's overall health condition;
- Not for the convenience of the member or a provider of services or supplies; and
- The least costly of the alternative services or supplies that can be safely provided. When specifically applied to a hospital inpatient, it further means that the services or supplies cannot be safely provided in other than a hospital inpatient setting without adversely affecting the patient's condition or the quality of medical care rendered.

Services and supplies intended to diagnose or screen for a medical condition in the absence of signs or symptoms, or of abnormalities on prior testing, including exposure to infectious or toxic materials or family history of genetic disease, are not considered medically necessary under this definition.

Out-of-Network Provider is a provider of covered services or supplies that does not directly or indirectly hold a provider contract or agreement with PacificSource.

Physician means a state-licensed Doctor of Medicine (M.D.) or a Doctor of Osteopathy (D.O.).

Prescription Drugs are drugs that, under federal law, require a prescription by a licensed physician (M.D. or D.O.) or other licensed medical provider.

Schedule of Benefits is a summary of the plan issued or applied for, not a contract of insurance that includes a list of principle benefits and coverages, and a statement of the limitations and exclusions contained in the plan.

Usual, customary, and reasonable fee (UCR) is the dollar amount established by PacificSource for reimbursement of eligible charges for specific services or supplies provided by out-of-network providers. PacificSource uses several sources to determine UCR. Depending on the service or supply and the geographical area in which it is provided, UCR may be based on data collected from the Centers for Medicare and Medicaid Services (CMS), contracted vendors, other nationally recognized databases, or PacificSource, as documented in PacificSource's payment policy. An out-of-network provider may charge more than the limits established by the definition of UCR. Charges that are eligible for reimbursement, but exceed the UCR, are the member's responsibility.
