

Housing Handbook 2025–2026

Welcome to Portland State University and to your home for the 25-26 academic year! If you are new to PSU, we extend a special welcome and are so glad you have become a member of our supportive campus community. If you are a returning student, we thank you for living with us again – you are the heart of the energy, traditions, and on-campus culture which are just some of many benefits of living on campus. Our mission is your success. We provide many avenues to become acquainted with people from different backgrounds, provide programs and activities to get involved, and support your academic pursuits through our residential student support programs. By taking advantage of these opportunities, you will have the chance to grow as a person. Students who report the highest satisfaction on campus are those who engage with their community. Through your active involvement, you can have an impact on the success of your community. I strongly encourage you to become involved in programs and activities and utilize the resources offered!

The professional staff and student leaders in our department are here to provide you with exceptional customer service and support throughout your experience at Portland State. We have positions that live in our communities and provide 24/7 support.

In this Housing Handbook, we offer an overview of the services and processes that will help you navigate your living experience in our residence halls and apartments. Our processes are put into place to create a safe, secure, educational and purposeful living environment. Please get to know our services and seek out a staff member or student leader to help you with any questions.

Wishing you a successful year!

Ashley Wendler
Executive Director
University Housing and Residence Life
Portland State University

Table of Contents

Staff and Student Leaders	4	• Checking Out • Keys • Room Condition at Check-Out • Abandoned Goods
Services	5	• Broadway Service Desk • Mail • Packages • Laundry • Common Areas • Parking • Waste Management • Pest Control • Internet and Web Communities • Posting Regulations • Animals • Music Practice Rooms

The Mission of University Housing and Residence Life (UHRL)

As champions of the student experience, our mission is to provide a unique living experience in Portland's urban environment through actively engaged residential communities that promote student success.

Portland State University's mission is to enhance the intellectual, social, cultural, and economic qualities of urban life by providing access to a quality liberal education for undergraduates and an appropriate array of professional and graduate programs especially relevant to metropolitan areas. The university conducts research and community service that support a high-quality educational environment and reflect issues important to the region. It actively promotes the development of a network of educational institutions to serve the community.

Staff

Administrative Services

The University Housing and Residence Life Main Office is located in Broadway 210. The Housing Office offers assistance and information about all aspects of Housing including housing contract information, rates, room changes, check-in/check-out, ADA accommodations (in collaboration with the Disability Resource Center), billing appeals, staff and programs, maintenance, and other housing concerns. In addition to our Main Office and Maintenance staff, Housing and Residence Life employs in-hall staff (listed below).

Residence Directors

Residence Directors (RDs) are full-time professional staff members who assist in supervising the student leaders within Residence Life or manage the Broadway Service Desk. Residence Directors are responsible for assisting in the implementation of the UHRL mission for a specific area of campus, residential education, community development, crisis management, student conduct, and community operations.

Resident Assistants

Resident Assistants (RAs) are full-time students who live in residence to provide resources and assistance that will make each residence hall community a place that supports and enhances your success. RAs receive intensive training on campus resources, academic procedures, listening, roommate conflict, facilities issues, and many other topics. Residents may contact their RA at any time for help or to answer questions. RAs also provide a variety of programming initiatives to build community among residents on their floor, in their building and across residential areas.

Services

Broadway Service Desk

The Broadway Service Desk is in the Broadway Building at 1977 SW 6th Avenue, Suite 226. The desk provides these services:

- Check-in/check-out
- Temporary key check-out, access badges, carts, and other equipment
- Package receipt and notification
- A place to report maintenance concerns
- University Housing and Residence Life information and referral
- Customer service, responding to questions, and directing students as needed

University Housing and Residence Life students are employed at the Broadway Service Desk. Feel free to contact the Desk with any questions you may have. The Broadway Service Desk is open Saturday - Thursday 9am to midnight and Fridays from 10am to midnight. Holiday and break hours will vary. [Please see our website for up to date hours](#). The Broadway Service Desk phone number is (503) 725-4385.

Mail

Upon check-in, you will receive a key for your mailbox, located in or near the front lobby of your building. Mail is delivered through the US Postal Service to this mailbox. **If your name is not written in your mailbox, the United States Postal Service (USPS) will not deliver mail to the box. Please take a moment when you move in to write your name on a slip of paper and tape it to the inside of your mailbox.** Please direct all issues related to your mail delivery, except for lost mailbox keys, to the United States Post Office – Forest Park Station located at 1706 NW 24th Ave.

The United States Postal Service recognizes these addresses as the proper mailing address for each hall. Please use the following format when having mail addressed to you.

<i>First Name Last Name</i>		
<i>Street Address Apt #</i>	Blumel Hall	1705 SW 11th Avenue
<i>Portland, OR 97201</i>	Broadway Hall	625 SW Jackson Street
	Montgomery Hall	1802 SW 10th Avenue
Example for student in Broadway ☺	Ondine Hall	1912 SW 6th Avenue
<i>Suzie Student</i>	St. Helens Hall	1131 SW Montgomery Street
<i>625 SW Jackson St #316</i>	Epler Hall	1136 SW Montgomery Street
<i>Portland, OR 97201</i>		

Packages

Package deliveries from major carriers (FedEx, USPS, UPS, Amazon, DHS) are accepted on the resident's behalf at the Broadway Service Desk. **Packages addressed to residents not listed on a current housing contract may be returned to the sender.** Packages addressed to a nickname or alias will be returned if the name preference has not been submitted to the UHRL Office. The desk will send a notification of the package with your package number via your pdx.edu email

account. Package pick-up is available during desk hours. Please bring your photo ID, as it is required for any package pick-up. Packages not claimed within twelve days may be returned to the sender.

Certain items cannot be received at the Broadway desk, such as alcohol, tobacco, and animals. Hello Fresh, Imperfect Produce, and other meal services must be picked up within 48 hours or they will be discarded. Perishable items will not be accepted. We will accept flowers. Students seeking delivery of items we cannot accept should contact the delivery source to plan for how to ship and receive such items. Prohibited items may be denied and returned to the sender.

Laundry

Laundry machines are provided in each building for the exclusive use of residents in the building. The laundry machines operate via the CleanPay mobile app, which can be downloaded from coinmeter.com/cleanpayapp/. Residents can reload this app directly through their mobile phones or obtain a laundry card from the machine located on the 1st floor of Ondine. Money can be added to the card through an online account or at the machine in Ondine.

In order to help us properly maintain the washers and dryers, please follow these simple guidelines:

- Carefully follow the directions listed on the front of the machine.
- Check that the lint screens on the dryers are clean and in place before and after use.
- Every machine has a load limit. Exceeding this limit is not only a fire hazard, but reduces the quality of your wash and adds to your drying time.
- Promptly remove laundry when the wash or dry cycle is complete.
- Immediately report any issues with the machines via the mobile app or the 24-hour service line listed on the laundry equipment, or email housing@pdx.edu. Please be specific: provide the unit number of the machine that is not functioning properly, the building and floor number, and the nature of the problem.
- Coin Meter can be reached at 503-452-4111 or service@coinmeter.com

Common Areas

Use of common areas is contingent on adherence to noise policy and building/area regulations (prohibition of alcohol, etc.). Common area space may not be used for any commercial purpose. Misuse of a common area or removal of furniture from a common area will warrant warnings, fines, and/or loss of future rights to common areas. All residents must follow the posted occupancy limits of each common area in all residence hall facilities.

Parking

Parking is limited on campus. Housing residents may purchase permits through Transportation and Parking Services (TAPS). Residents are not guaranteed a parking permit; they are sold on a first-come, first-served basis. For more information about parking, contact TAPS, at 503-725-3442 or visit them at the 1st floor of the ARSC. Housing is not responsible for the maintenance, surveillance or upkeep of parking lots or garages. Any vandalism or other illegal activity that occurs in any parking lots or parking garages should be reported to Campus Public Safety Office (CPSO) and TAPS.

Waste Management

After you have recycled and composted what you can, please throw your garbage away in the proper receptacle. No organic items of any sort should be washed down drains. This includes materials such as coffee grounds and egg shells. The subsequent clogged drain may cause damage for which you may be held financially responsible. You should empty your garbage regularly to keep everyone's living environment clean and pest-free. Garbage chutes are located on each floor in Blumel and Broadway. Valet trash service is available in Stephen Epler and St. Helens. Garbage dumpsters are located near Montgomery and Ondine. Please note that all garbage chutes are inaccessible during the move-in and move-out periods. Students may discard items via dumpsters. Recycling and composting is also available to residents. For more details, visit [UHRL's Waste Management](#) page and [PSU's Recycling and Compost](#) page.

Pest Control

You may request pest control service by completing a work order if you notice pests in your unit. In most cases, this service is provided free of charge. You will be asked to prepare your unit/room for the pest control contractor. If you request treatment of your unit and do not prepare it properly, you may be charged up to \$200. **When necessary, entire buildings or floors are treated for pests, which may require that all units be treated at the same time to ensure effectiveness.** All units will be serviced at least once a year for pest prevention. If a problem or potential problem is noted, you may be required to have your unit treated by our pest control contractor and/or clean up any pest-attracting problems. Failure to comply with cleaning or treatment requirements may result in a charge up to \$200 or termination of your housing contract. Certain pest situations may not be treatable through a service.

Campus wired and wireless network access, Internet, and Web Communities

Residents are prohibited from operating any device that provides its own wireless network that is not connected to PSU's Wi-Fi. Wi-Fi is a shared medium; any device operating on the same frequency as other Wi-Fi devices will result in degraded performance for both of them. Some non-Wi-Fi devices can also cause severe interference with Wi-Fi devices operating on the same frequencies. PSU's Wi-Fi operates on the 2.4, 5 and 6 GHz frequency bands. Devices on other wireless bands do not cause direct interference with Wi-Fi and are not prohibited.

Gaming consoles, streaming devices, printers and other devices that do not support enterprise authentication can be registered at oam.pdx.edu. Configuring devices to have a direct Wi-Fi connection to another Wi-Fi device is prohibited. If the device is capable of providing a Wi-Fi network but it has been disabled, then the device is permitted. Disabled means turned off completely (not reduced power or just turning off SSID beacons).

Potentially problematic devices include: wireless speakers (Google Home, Amazon Echo, etc.), wireless headphones, and wireless cameras. These devices are not explicitly prohibited, except as identified below. If the devices are found to cause disruptions to the Wi-Fi service, they must be removed or turned off.

Prohibited devices include: wireless cameras, Wi-Fi printers (operating in non-client mode), Wi-Fi remote controls (Roku, Amazon Fire, etc.), Wi-Fi enabled routers, devices with wireless Internet connection sharing enabled, ad-hoc wireless networks, point-to-point wireless

networks, Wi-Fi hotspot, cell phone with Wi-Fi hotspot or wireless Internet connection sharing enabled, malfunctioning Wi-Fi devices and any other device providing a Wi-Fi network or that may interfere with Wi-Fi networks.

Wired network switches and hubs are not permitted on PSU's network. The network infrastructure will automatically identify switches and will turn off the network jack.

Wired network routers are allowed on PSU's network, so long as it has no wireless capability or the wireless capability has been completely turned off.

Wired internet jacks are available in Blumel, Broadway, Epler and Ondine residence halls. Montgomery and St. Helens are Wi-Fi only. Residents can use routers if they need more active ethernet ports, but not switches, hubs, or splitters. Please see this article for more information: [Residence Hall Networking Jacks](#).

Residents are prohibited from operating any web or file servers on PSU's network.

Devices found to be in violation of these policies are automatically identified by the Office of Information Technology. Severe or repeated violations may result in student conduct charges. PSU reserves the right to confiscate these devices as well.

Use of internet and computers on campus are contingent upon adherence to applicable user policies for Housing, Student Conduct Code, and the PSU [Computer and Network Acceptable Use Policy](#). High-speed internet is provided in all housing facilities. Wireless internet service is offered in every residence hall. Computer work stations are available at University Success and around campus.

Social media and online platforms provide opportunities to connect with peers and a broader digital community. Please remember that your information is accessible to everyone, including University personnel. While UHRL does not monitor information on any platform, we act upon information that may violate housing policy and/or the Student Conduct Code. PSU expects students to be positive members of the college community, and that community extends to your online presence.

Posting Regulations

Announcements and publicity items for the Broadway desk, lobby, and/or floor bulletin boards must be submitted to the Housing and Residence Life Main Office for approval. Materials must be submitted to the University Housing and Residence Life Main Office in Broadway 210 at least 2 weeks, prior to the event to ensure timely posting. Materials must list the affiliated PSU student group, PSU department, or PSU Faculty/Staff. PSU Departmental sponsored publicity items should have an educational purpose and/or connection to the university mission in order to be approved. Materials may be denied. Non-PSU related publicity will not be approved.

All posters and publicity items must be dropped off at the Housing and Residence Life Main Office for approval. If approved, UHRL staff will post publicity items within a week in designated areas. Materials will be removed after the event has taken place.

Information that may not be posted any time or any place:

1. Materials mentioning alcohol, tobacco, or marijuana or implying their use.
2. Materials concerning establishments whose primary purpose is the sale of alcohol, tobacco, or marijuana.
3. Materials that are obscene, profane, or vulgar.
4. Materials that offer compensation.

Posting that does not follow all the above regulations will be taken down and forwarded to UHRL staff for possible disciplinary action.

Animals

In order to properly care for an approved emotional support animal, residents may not leave animals alone and unattended for extended periods of time. If a resident expects to be unable to return to their room to check in on their animal, the resident can designate an individual as a “caregiver” by submitting the [Caregiver Registration Form](#) to housing@pdx.edu prior to the resident’s departure. A new caregiver registration form must be submitted for each period requested. Approval will not be granted for more than two consecutive days or for more than five total days in any academic quarter. Once this form is submitted, keys and a temporary fob will be checked out from the Broadway Service Desk to the designated caregiver for one hour during approved periods. Under no circumstance may a resident give their keys or ID to someone to access their residence hall and room. If a resident needs to be off-campus or out-of-town for a significant period of time or longer than two consecutive days, they are required to take their animal with them, find another place for the animal to stay off-campus, or board the animal at the resident’s cost.

Music Practice Rooms

We do not allow musical instruments to be played in the common areas of the residence halls due to the noise impact on the community. Music practice rooms are provided in Lincoln and Cramer Hall for students enrolled in a music program. Arrangements may be made through the Music department to use these rooms.

Health and Safety

The health and safety of all residents is the utmost priority of University Housing & Residence Life.

Emergency Situations

In an emergency, the Campus Public Safety Office (CPSO) can be reached at (503) 725-5911. The CPSO non-emergency phone number is (503) 725-4407.

Contacting the Resident Assistant (RA) On-Call

An RA is available on call for situations that need staff response. The RA On-Call is available 5:00pm to 9:00am on weekdays and 24-hours a day on weekends, holidays, and during extended closure periods. The RA On-Call carries a cell phone and is immediately accessible at the following numbers:

Broadway FYE	971-246-1599
Broadway Uppers	971-246-1386
Ondine FYE	971-246-1598
Ondine Uppers	971-246-6028
Blumel Hall	971-246-1387
St. Helens	971-246-1585
Stephen Epler	971-990-9504
Montgomery	971-246-1388

These numbers are subject to change. Any changes in duty phone information will be communicated as quickly and efficiently as possible to residents, which would likely include emails to pdx.edu email addresses.

Between 9:00am and 5:00pm Monday through Friday, staff assistance is available through the Housing and Residence Life Student Services Office (Broadway 210), and between 9:00am and midnight, Saturday through Thursday, and 10:00am and midnight on Fridays at the Broadway Service Desk (Broadway 226).

Security Cameras

To enhance safety and security efforts within the halls, a security camera may be placed in a hall, lobby, or other public area. To ensure personal privacy, the cameras are located and record data only in areas that are considered public within UHRL and PSU spaces. While many of these areas are off limits to non-residents and their guests, they are areas that people would not expect to be private (cameras are NOT placed in restrooms, student rooms, etc.).

These cameras are not continuously monitored but are intended to be used to investigate actions, behaviors, or incidents. If issues arise and images are needed to address property damage or personal security concerns, the Campus Public Safety Office is the coordinating agency assigned to control access to that information.

Personal Safety

Taking responsibility for your personal safety is imperative in a community living environment. Although the RAs do rounds at night and Campus Public Safety officers are available, you need to take action to safeguard yourself. Please abide by the following list of safety measures:

- Remember, this is your home.
- Do not allow non-residents to enter the building or use elevators to access the private living areas. Ask if they are a resident if you do not know. If that is hard for you to do, contact Public Safety to let them know you think a non-resident has accessed the building.
- Carry your keys at all times.
- Lock your door at all times
- Do not lend keys or ID to anyone.
- Do not prop/hold open doors or elevators for an extended period of time.
- Do not prop open interior or exterior doors.
- Do not use the accessible button to open front doors unless necessary.
- Report any non-locking doors and windows to the Housing Office, Broadway Service Desk or RA On-Call immediately.
- Report any unsafe or suspicious items or persons to the Housing Office, Broadway Service Desk, RA On-Call, or Campus Public Safety.
- Do not attach bikes or other items to stairwell railings.
- Do not store items in hallways or obstruct doorways.

Fire Alarm Evacuation

When you hear the fire alarm, you must leave the building immediately. Do not use the elevators. Fire drills are held at least once per term, during which every resident **MUST** exit the building and convene at the designated evacuation location.

If you see or detect a fire or any reason to evacuate, pull the handle on the nearest red fire alarm station in the hallway (smoke from a fire activates the overhead detection system in all buildings). Do not attempt to fight the fire yourself. Use the nearest safe, smoke-free stairwell marked "EXIT." If you cannot find a safe exit, stay in your unit and make yourself obvious at the window for firefighters below. If you feel you must open a window, first place damp sheets or towels in the door crevices that open to the fire or smoky area to avoid fueling the fire.

Notification of Medical Issues

In order to better service and provide assistance in potential emergency situations, University Housing and Residence Life asks that residents disclose any relevant medical information. Please speak with your Residence Director about your medical issue or send an email to housing@pdx.edu to have this information securely recorded for your profile. Medical information that may be relevant includes but is not limited to: allergies that can lead to anaphylactic response, conditions that may require additional support or assistance during emergency evacuations (fire, earthquake), conditions that require refrigerated medication or hypodermic needles. Residents should be aware that this information is a backup for emergency purposes only; University Housing and Residence Life does not provide medical care and providing this information is not a substitute for appropriate self-management of medical conditions. For safety reasons, students who must use hypodermic needles or other skin

piercing tools must dispose of them in a properly labeled, puncture-resistant, leak-proof container.

Students who need assistance evacuating a building during an emergency should register for the Mobility Assistance List in [myPSU](#).

All residents should be aware of the potential dangers of communicable diseases spreading in any area of high population density such as a residence hall. Residents should inform a staff member of any suspected or actual cases of contagious diseases such as hepatitis, meningitis, or chicken pox. Students with disability accommodation and service requests should contact the [Disability Resource Center \(DRC\)](#) at 503-725-4150 or by email at drc@pdx.edu.

Building Emergencies

Occasionally, there may be a problem with a building system (building system emergency) after regular business hours that will cause a significant amount of damage if left unattended. Your first contact in an after-hours building system emergency is an RA. You should call the RA On-Call cell phone at the number posted in your building and near your RA's door. The RA will contact the appropriate personnel to fix the problem. If the building system emergency happens during business hours, contact the Housing Office at 503-725-4375 or CPSO at 503-725-4407.

Examples of building system emergencies include:

- Security problems (doors will not lock, ground level windows broken)
- Broken common area glass or collapsed wall
- Roof leaks (major leaks posing potential damage to the building or residents' property)
- Fire system or equipment does not work
- Elevator not working
- Activated building sprinkler
- Exposed wiring
- No heat in the room (after checking if radiator/baseboard/fan is turned on); no heat in building; no hot water
- Water flow causing damage to the building or to resident's property; resident cannot use their toilet for an extended time (greater than 12 hours when alternative facilities are not available)
- Water or waste line is broken; no water

*Contacts, earrings, and wedding bands down the drain do **NOT** constitute an emergency (though residents should not use the drain until Maintenance personnel can respond).*

Sprinklers, Smoke, and Heat Detectors

Do not attach or hang anything to/from a sprinkler. Do not tamper with or remove smoke detectors.

Each student should be aware of the sensitivity of the sprinklers, smoke detectors, and heat detectors that are present in their room or hallways. These can be activated by heat, smoke, water, force, pressure, or sudden shock. When hallway smoke or heat detectors are triggered, they activate the building alarm system alerting residents, Campus Public Safety, and the Fire Department.

Personal Property and Renter's Insurance

The University is not responsible for loss or damage to personal property in University housing facilities due to fire, theft, water, interruption of water or heat, other utility problems, damages caused by other residents, or other causes. **Residents are strongly encouraged to carry personal property or renter's insurance.** Residents are also encouraged to remove all valuable items from the unit during any extended absence.

Check-In

Whether you are moving in for the first time or transferring rooms, Check-In usually starts at the Broadway Service Desk. For Fall move-in, please visit our [move-in guide](#) for more specific check-in information and locations. Please bring your PSU ID, or if you do not have that, a government issued photo ID. In general, we are not able to provide early check-ins. Please prepare to move in at your scheduled check-in date and time. If you need an earlier or later check-in date, contact University Housing and Residence Life immediately. At check-in you will receive:

- Keys: Including room key, mailbox key, and in some buildings, a lounge key.
- Room Condition Report: This records the condition of your room upon Check-In. See below for more information about Room Condition Reports.
- Move-in Folder: Please read as it has useful information, such as your mailbox number, where to take your trash and recycling, how to contact your Resident Assistant, and more.

Access Badges

All residential students must acquire a PSU ID card. Please visit ID Services prior to move-in to obtain an access badge. Your access badge allows you access into your residence hall and various academic buildings, activates the elevator if your residence hall has one, and is used to access Victor's Dining Hall if you have a meal plan.

Keys, Room Condition Reports, and Checking In

You will be asked to sign a Room Condition Report, which is a record of the condition of your room at the time of move-in. If you would like to report any damages not noted on the report, you must do so within 48 hours (two days) of checking in by emailing housing@pdx.edu. Your signature on the Room Condition Report indicates that you take responsibility for the condition of the room. After your check-out, you may be charged for any damages found beyond normal wear and tear that are not recorded on this form. If no one claims responsibility for the damages, all roommates/residents will be billed equally.

Late Arrivals and No-Shows

UHRL may cancel Resident's space assignment and Contract if Resident has not completed Check-In for the assigned Space by the assigned Check-In date. See [Terms and Conditions](#) for specific information.

Check-Out

Contract Cancellation

Your Housing Contract is a legally binding agreement between you, and PSU/University Housing and Residence Life. If you need to move out of your room or apartment prior to the end of your contract, you must cancel your contract with UHRL before moving out. See [Terms and Conditions](#) for specific information.

Checking Out

It is your responsibility to make sure that you complete the Check-Out process and return your keys on your scheduled Check-Out day. Failure to do so may result in an improper Check-Out fee of \$100, lock change fees and housing charges until Check-Out is complete. UHRL may also dispose of items left in the unit.

Step 1: Choose your check-out method: Walk-Through or Express Check-Out.

Walk-Through: Walk-Throughs are a good option for residents who believe there may be cleaning or damage charges in their room, and/or know when they plan to have their room cleaned and belongings moved out. During a Walk-Through, staff will check the room for damages and cleaning needs, while the resident is present. Before a Walk-Through, residents must have their belongings removed from the unit. Once your walk-through is completed, you must return your keys to the Broadway Service Desk.

Express Check-Out: Express Check-Outs are a good option for residents who are unsure about the date or time they plan to move out and need extra flexibility. If you choose an Express Check-Out, you will return your keys in an Express Check-Out envelope to the Express Check-Out dropbox, which is available 24/7 outside of Broadway 226. Staff will complete a Walk-Through of your room after you have moved out, and you will be unable to appeal any charges for damages or extra cleaning in your room.

Step 2: Thoroughly clean your room and remove all garbage and personal belongings. You may not leave items behind to pick up later or for the next occupant to use. Anything remaining in the room will incur charges for removal. Furniture removal will cost \$250 per item.

Step 3: Return keys.

If you are doing a Walk-Through, you will meet with staff at the designated check-out location. You must return your keys to the Broadway Service Desk immediately following your Walk-Through. You will complete all check-out paperwork at that time.

If completing an Express Check-out, return your keys to the 24-hour Express Check-out dropslot, located outside of Broadway 226. There will be Express Check-Out envelopes for you to fill out on top of the dropslot. Staff will complete a walk-through of your room after you have moved out. **Residents will be charged \$200 for not checking out and**

returning keys. Do not skip this step before you leave campus. Do not leave your keys with a friend or in your room. You must drop them off yourself to avoid a \$100 improper check-out charge. Mailed-in keys will not be accepted.

Keys

Failure to return all UHRL issued keys to either the Resident Services Desk in Broadway or via Express Check-Out on your Check-Out date may result in a daily charge for each day you are in possession of your keys past your Check-Out date and/or a \$100 fee for a lock change and a \$100 improper check-out fee.

Room Condition at Check-Out

You are expected to remove all of your belongings from your room and return the room to its original cleanliness prior to Check-Out. Please remember to remove all wall-hangings, command strips, and turn off all electrical items before you leave. Every unit/room undergoes standard cleaning upon move out to make the room/unit ready for the next resident. Residents will be charged for excessive cleaning in rooms and/or units that require additional work. The additional charges include but are not limited to: each piece of furniture, box, and/or bag of trash removed from the room after check-out. An hourly rate for staff to remove these items may also apply.

UHRL staff will complete a Room Condition Report and compare the room's condition to the condition reported on the Room Condition Report from Check-In. The cost of repairing any damage not recorded on this form at Check-In and for cleaning or repair costs for damage exceeding normal wear and tear will be charged to your Portland State University student account.

Abandoned Goods

It is your responsibility to remove all personal belongings when you check out. You will be charged for the removal of any personal belongings, valuables, or unwanted property left in the room. If you have a roommate, both residents may be charged for abandoned items/damaged property, or fees may be charged solely to the last resident living in the unit. See [Terms and Conditions](#).

Changing Rooms

Residents may submit a Room Transfer Request starting the second week of Fall term, but room change options may not become available right away, if at all.

Room Freeze

During the first and last two weeks of Fall and Winter Terms, and all of Spring Term, a Room Freeze will be in effect while UHRL prepares for term Move-In and Move-Out. During a Room Freeze, no room transfer assignments will be made, except in the case of health or safety concerns. Residents may submit Room Transfer and/or Room Swap Requests during this period (after Week 1 of Fall term), however, they will not be processed until after the Room Freeze period is lifted. Room Transfer and Room Swap Requests are not accepted during Spring Term or Summer Term, except in cases of emergency or health or safety concerns.

Room Transfers & Room Swaps

Room Transfer and Room Swap Requests will be reviewed by Housing & Residence Life after each Room Freeze period ends. No room change requests will be accommodated until after the incoming resident waitlist has been cleared, except in the case of emergencies.

ROOM SWAPS

**available to all residents, quickest way to get a room change*

1. Identify a resident who is willing to "swap" or trade rooms with you. Be sure to discuss the room swap with your roommate (if applicable), as well as all residents in the unit to which you wish to transfer.
2. Complete a Room Swap Request form on the housing portal; each resident who is requesting to move will need to complete the form.
3. After your Room Swap Request has been processed, all parties will receive an email confirming the swap details. You and the resident with whom you are swapping will need to respond to the Room Swap offer during the response window indicated in the email. If response is not received by both parties, your Room Swap offer will be canceled.
4. Your assignment will include a room swap timeline to move from your current room to your new room. You and the resident you are swapping with will need to complete the move process at the Broadway Service Desk together. Failure to complete the room swap on time may result in improper check-out fees and charges for lock changes.

ROOM TRANSFERS

**available to all residents, based on availability*

1. Complete a Room Transfer Request form on the housing portal.
2. If further follow-up is recommended, your Residence Director will contact you to discuss your situation and room transfer options.
3. When a room is available, you will receive an email offering a Room Transfer; you will have a limited time to respond and accept the room before we offer the unit to the next person on our wait list.

4. If you choose to decline the unit offered to you, you may receive another offer when a room is available. If you decline two room transfer offers, your request will be canceled.
5. Your assignment will include a room transfer timeline to move from your current room to your new room. It is important that you check in to your new room on time and check out of your current room by the date on your transfer notice. Failure to complete the room transfer on time may result in improper check-out fees and charges for lock changes.

All room transfers and swaps must be approved by UHRL via the process described above. Transferring without UHRL approval may result in a conduct violation, a lock change, an improper check out fee of up to \$100, and extra housing charges.

Roommates and Room Capacity

Room Capacity and Unregistered Residents

For building structural and safety reasons, each room type has a designated number of residents it can accommodate. Residents in units exceeding capacity may face contract cancellation and a fee of up to \$250 per unregistered resident, and any unregistered residents may be required to vacate immediately or make other arrangements with UHRL if available/eligible. UHRL may exceed these limits to accommodate high demand for housing.

University Housing and Residence Life Occupancy Guidelines

Unit	Maximum Occupants
Sleeper	1
Studio Suite	2
Studio	2
1 Bedroom	2

Adding Roommates

If you would like to add a roommate who is not currently living on campus, you and your proposed roommate should email the UHRL Office to request each other. Your roommate must complete a Housing Contract and be eligible to live on-campus (see *Eligibility in Terms & Conditions*). UHRL reserves the right to deny a roommate request if it does not meet room capacity requirements. If you already have a roommate, you may be required to move to a new room with your roommate, as availability allows.

Consolidation

As necessary throughout each term, University Housing and Residence Life may enact a Consolidation Process in order to consolidate vacancies and maximize space availability. During the Consolidation Process, residents in double rooms with vacancies will receive a list of up to three other residents with vacancies in double rooms. The residents are then given approximately one week to choose their own roommate and desired room from the provided list and complete the consolidation move by a specified date. If residents do not select a new room/roommate, they will be reassigned by the UHRL Office and will be required to move by the end of the Consolidation period. Failure to comply with a Consolidation move may result in higher housing charges and/or a Policy Violation fee of up to \$100, and/or possible contract cancellation.

Refusing an Assigned Roommate

Failure to accept and/or creating an unwelcoming or hostile environment for an assigned roommate may result in paying the single rate for the room as of the day the vacancy was created. Additional student conduct measures may be enacted as a result of this behavior.

Subletting

UHRL does not allow residents to sublet their room/unit to any person for any length of time.

Day-to-Day Living

Living Together Successfully

Living with a roommate requires flexibility and willingness to communicate in an honest, tactful manner. It may be challenging to share living space at times; schedules, personalities, habits, stresses, and lifestyles vary from person to person.

One way to help avoid potential conflicts and misunderstandings is to sit down during the first week of living together and discuss your expectations of each other as roommates. By establishing these ground rules early, and by keeping the lines of communication open throughout the year, roommates increase their chances of having a positive experience. Take some time to discuss issues and get everything out in the open; do not let issues build up and get out of control. Sharing your feelings and expectations will help you and your roommate understand and empathize with each other during your University experience.

When conflicts arise, reflecting on these topics and communicating openly can help resolve disputes before they escalate. If you find yourselves faced with a particularly difficult situation, talk with your Resident Assistant. RAs possess knowledge and experience that enable them to work effectively through possible roommate conflicts. If your RA is not able to assist you, they may make a referral so that your concerns are addressed. Listed below are suggested topics to discuss with your roommate(s):

Suggested Roommate Topics for Discussion	Additional Discussion Items
• Study habits (times/areas) • Sleeping habits • Noise levels (music/TV) • Security (locking doors/windows) • Guests and gatherings • Hygiene/cleaning (how often, by whom) • Borrowing items • Mail pick-up • Pet peeves • Food (sharing/cooking), including any food allergies • Room temperature • Phone/Video Game use • Alcohol and other drugs or substances (consumption/values/practices) • Medical or Environmental Allergies (ie: scents, chemicals, etc.)	• The way I react to most people when I first meet them is... • What I would like to tell you about my family and community where I grew up is... • What I miss most being away from home is... • My hobbies and interests are... • The way I would like to decorate our room/unit is... • Some things I like to spend money on are... • My greatest pet peeve is... • When I'd rather be left alone, I will... • I usually let people know I'm angry by... • When I'm feeling sad or upset, I usually... • How do we want to talk about issues that arise in the room? • Something that always makes me happy is...

Maintenance and Facilities

Lock-outs

Your keys are your responsibility and you should keep track of them at all times. If you lock yourself out of your room/unit, the Broadway Service Desk can assist you. When the Broadway Service Desk is closed, you should call the RA On-Call to gain access to your room/unit. During hours the Broadway Service Desk is open, you may temporarily check out a set of keys to let yourself into your unit. Temporary keys are distributed for 1 hour; returning keys after the deadline is subject to additional fees and/or a lock change charge. Please note that temporary keys will not be checked out 1 hour prior to the desk closing. The first lock-out by the desk will be free of charge; every additional lock-out carries a \$10 fee. If you lock yourself out when the Broadway Service Desk is closed, there is always a \$10 fee due to the response of staff during the hours of sleep and study. After three lock-outs within a 30-day time period, the behavior may be documented and subject to disciplinary action.

Lost Key Charges

If your keys are lost or stolen, immediately contact the Broadway Service Desk during desk hours or call the RA on-call after hours. Housing Maintenance will change your locks to ensure your personal safety, as well as your roommate(s). If you require a lock change, you will be charged for replacement, regardless of the reason for the lock change.

When you move out, you must return all keys that have been checked out to you during your residency. If you are missing keys upon moving out, you will be charged for a lock change (see *Housing Charges and Fees*). You may be charged for any lock or key damages. In the event of a resident's request for lock service during non-business hours, the resident may be charged for overtime labor and travel time.

Lost Student ID Cards

All residence halls require PSU ID access badges for building entry. PSU ID access badges are first obtained through the ID Card Services Office. If PSU ID access badge is not working for your residence hall, call the UHRL office at 503-725-4375 for assistance. If a card is lost, a student must have a new card made at ID Card Services.

Students checking in on weekends or when the ID Services Office is closed may temporarily check out an access fob from the Broadway Service Desk. Fobs checked out from the Broadway Service Desk must be returned the following business day. There is a maximum \$30 fee for returning the fob late (\$5 for every half hour) and a \$30 replacement fee if lost/stolen/damaged.

Maintenance Problems

All maintenance problems should be reported as soon as they are discovered. If you have a maintenance problem in your room/unit, please complete a Maintenance Request online through your [Housing Portal](#) Login. There is no charge for 99% of work orders. We do not charge for normal wear and tear to a building or unit. In most cases, you do not need to be present

when Maintenance staff visits your room to make repairs, but you must ensure the affected area is cleared as much as possible of your belongings to provide room for staff to work.

If you have a maintenance emergency, please contact a Housing or Residence Life staff member immediately at 503-725-4375 (Monday-Friday 9am-5pm), or your Resident Assistant On-Call number during the evening or weekends.

Maintenance staff typically work from 8:00am to 4:30pm on weekdays and are on-call for emergency requests after hours for more serious problems, such as major heat or plumbing issues. The Maintenance department strives to respond to resident work requests within 24-48 hours. The earlier in the day that a problem is reported, the more likely our staff will be able to provide same-day service. If you need assistance entering a work order request, contact the University Housing and Residence Life Main Office, a Residence Life team member, or visit the Broadway Service Desk.

On occasion, Maintenance staff may need to enter your room/unit to perform maintenance that is not the result of a maintenance request. If you are not present while the work is being done, a notice will be left by Maintenance staff explaining why they entered your room/unit and the services they performed.

From time to time, Maintenance staff may request a resident to prepare their room/unit for a facilities upgrade. If a resident fails to prepare the room/unit adequately, Maintenance staff may prepare the room/unit in order for the work to be completed. Maintenance staff will not be responsible for loss and/or damage to resident's personal property during the preparation.

Please Note: Maintenance and other staff always knock and announce themselves before entering a room/unit. Maintenance staff members are easy to recognize by their staff shirts. As an employee of the Housing Department, Maintenance staff may report policy violations for adjudication through our student conduct process.

Damage Billing and Charges

Residents are individually responsible for damages they cause to residence hall property. Residents are responsible for any damages caused by their guests. Charges for damages will be based on repair (parts and labor) or replacement costs to restore the room or building to its approximate original condition. You will be charged for any evident damages or alterations in your unit at the time of your Move Out that were not indicated on the Room Condition Report at Check-In.

All repairs to the facilities must be performed by Housing personnel. If your room/unit is damaged, DO NOT attempt to make repairs yourself. Your work may not meet standards, could be a safety risk, and you will be charged for the cost of correcting repairs done by unauthorized persons. Appliances that are not functioning will not result in a rent reduction. If you lose, damage, or steal residential property (i.e., furniture, window coverings, carpets, etc.), even accidentally, you will be billed for it.

Community Damage Billing

Vandalism, destruction, and/or theft of property is prohibited and may result in a referral to the Dean of Student Life office to be reviewed under the Code of Student Conduct. In public, shared, or semi-public areas of the halls, damages are charged to groups or individuals when the responsibility is established. Any hall/building vandalism that cannot be traced back to a specific individual will be equally distributed to the residents of that floor/building/area. Each resident is financially responsible for the restitution of community damage caused by unidentified persons. Please encourage your neighbors to refrain from vandalism, which affects everyone in the community. If you see something suspicious, say something.

Charge and Fee Petitions

Any petition requesting the removal of Housing charges must be submitted via the Housing Portal Petition process within 90 days of the charge. Petitions regarding charges totaling \$200 or less will be reviewed by the Accounts Coordinator, while petitions regarding charges totaling more than \$200 will be reviewed by the Executive Director of Housing and Residence Life. You will receive petition decisions via email. See Terms & Conditions for Petition information.

Avoiding Damage Charges

Decorating/Altering Your Space

Extras such as plants, lamps, rugs, bedspreads, and/or posters help personalize your space. When planning to decorate, it is important to keep in mind that no permanent changes (showers, fixtures, door locks, cabinet locks, painting, etc.) may be made to the spaces. Any damage done decorating the room or removing decorations at move-out will result in a charge to your student account. Nothing is allowed on the exterior of the buildings. This includes fire escapes and exterior window ledges. Nothing is allowed to be posted in windows, facing out or facing in.

Pictures and Wall Hangings

Nails, pins, tacks, etc. are not allowed. Please take care when hanging pictures and other items on your walls. If you hang items on the walls, please use easily removable adhesives. Any damage may result in charges to the resident's student account.

Painting Your Room/Unit

Residents may not paint their rooms. Repair of unauthorized painting will result in charges to your PSU Student Account. Rooms/Units are painted by UHRL painting staff. If the walls in your room or room/unit need repair, submit an online Maintenance Request.

Sink & Shower Attachments

Water filters that attach to your sink via a screw are permitted. The installation or use of **any** shower attachment is not allowed in any buildings. If water damage is found in your room/unit or another room/unit and is found to have been caused by a shower attachment in your bathroom, you will be held financially responsible and will also be subject to student conduct action.

Cleanliness

Residents are expected to maintain a clean living environment. Housekeeping staff cleans all common areas, but **not** individual rooms/units. In choosing to live on campus, you agree to maintain your room/unit in a clean and sanitary condition at all times. This also applies to common spaces such as lounges, kitchens and community bathrooms. Although housekeeping staff goes through these spaces regularly, it is your responsibility to clean up after yourself and not leave a mess for those who need to use the space after you.

Other Useful Information

Materials Disposal

Only dispose of human waste and toilet paper down the toilet. Disposal of cat litter, plaster, or other inappropriate objects by flushing it down the toilet or any other plumbing fixture is prohibited. Even litter and wipes marketed as “flushable” have caused significant problems in our buildings. Please dispose of these items in designated trash dumpsters.

Circuit Breakers

To avoid power losses, be careful not to operate too many appliances at any one time.

All buildings use circuit breakers. Contact the Housing Office, Broadway Service Desk, or RA on-call for assistance with breakers.

Door Locks and Deadbolts

UHRL will not install or give authorization for you to install additional or replacement locks on your room/unit door or anywhere within your unit.

Furniture/Raised Beds

Many of our units are furnished with multiple sets of furniture to accommodate housing demand. We are unable to remove or store furniture; it must remain in the room, even if there are fewer residents occupying the unit than sets of furniture.

Residents are encouraged to arrange their furniture in a way that makes them most comfortable in their living space, so long as no damage is done to the unit or to the furniture. Homemade lofts are not allowed.

To ensure the safety of residents of the room/unit itself, the following guidelines must be followed:

- Personally designed and constructed lofts are prohibited.
- Beds may only be raised using a single, commercially manufactured bed riser in good condition under each leg of a single non-lofted/raised bed.
- No furniture may be within three feet of the ceiling or any fire sprinkler, smoke detector or other fire detection or suppressing equipment.
 - Sidewall sprinklers: Locate bed on opposite wall from sprinkler(s).
 - Overhead sprinklers: There must be a minimum ceiling clearance of 36 inches.
- Beds and their frames must not be enclosed with fabric, plywood, or any other material.
- Furniture may not block the entrance or exit of any room.
- Furniture may not be removed from a unit.

Heaters/Radiators

The heating elements in each room/unit reach very high temperatures and are a potential source of fire danger. Please do not place objects within two feet of these elements.

Buildings with radiators (St. Helens and Montgomery) operate from a central thermostat. When that thermostat detects the need for heat, the boiler (located on the ground floor of each building) sends steam through the pipes and into the radiators. Individual radiators are adjustable only by the valve being open or closed. A closed valve does not allow steam into the radiator, providing almost no heat to the room. A partially open valve allows the radiator to operate at a “Medium” setting, fully open “Full Heating”. **Please be very careful when adjusting the valve as it may be very hot to the touch.** Use a towel to protect your hand.

If you feel that the heat in your room/unit is not operating properly, enter a work order or contact the RA on-call in case of emergency.

In Broadway, Blumel, and Epler, each unit has its own adjustable thermostat. However, if the thermostat is turned too high or an object is placed too close to the heating element, the heat will shut off. This is a safety feature of the heater and also saves energy. If this occurs, please enter a work order to get the heat reset. In order to avoid this occurrence, maintain the thermostat at a moderate temperature and do not push furniture or other items against the heater.

Smoke Detectors

Tampering with or disabling smoke detectors is prohibited by PSU and is a violation of the State of Oregon fire codes. Such behavior puts the community at risk. If a resident is found to have tampered with a smoke detector, the resident may be monetarily responsible for the costs of emergency response and will be subject to student conduct action.

If the battery needs to be replaced in the smoke detector, do not disconnect the smoke detector. Please submit a work order or call the RA on call to get a new battery. If you should experience any additional problems with your smoke detector, submit a Maintenance Request and/or contact a UHRL staff member.

Air Conditioning

Air conditioning within apartments/units is not provided by University Housing & Residence Life (UHRL). UHRL will permit air conditioner units that meet the parameters below.

Air conditioner units require a considerable amount of electrical capacity to operate; in order to manage limited electrical capacity in UHRL facilities, Residents are permitted to purchase and operate their own air conditioner unit within their assigned unit under the following conditions:

- Air conditioning units are permitted for use from June 15 – September 15.
- UHRL cannot guarantee that the electrical capacity will support air conditioning units in all apartments/units.
- Units in Montgomery must not exceed 5,000 BTU (DOE) cooling capacity and 9 amps per apartment/unit.
- Units in other buildings must not exceed 6,000 BTU (DOE) cooling capacity and 11 amps per apartment/unit.
- This is an example of an [approved air conditioner unit](#).

- Only one air conditioning unit per unit/apartment is permitted.
- Residents should not use other items with higher electrical needs, such as a hair dryer, microwave, and other small kitchen appliances while using an air conditioning unit.
- Residents are fully responsible for the operation and maintenance (including regular removal of condensed water) of their personal air conditioning unit and are responsible for any damage caused to any apartment/unit by an air conditioning unit.
- Window-mounted air conditioning units and any type of unit that requires permanent installation are not permitted. Air conditioning units must be portable and on wheels/casters, and not have any parts that protrude outside a window.
- Residents must purchase and use a window kit for external exhaust tubing. These products are likely to work in the noted buildings:
 - Blumel, Broadway, Ondine and Epler: [Window Kit for casement and awning windows](#)
 - Montgomery, and St. Helens: [Window Kit for double-hung windows](#)
- UHRL staff will not assist in the purchase, installation, or repair of any air conditioning units.
- Residents must remove any tape residue left by window kits. Residents are encouraged to use the least amount of adhesive possible for installation.
- Residents are solely responsible and liable for any consequences of using a unit over allowed BTUs, including but not limited to the consequences of power failures affecting that unit or other units. This may include the cost of replacing food and medicines requiring refrigeration, or other consequences affecting other residents.

Housing Charges and Fees

Rates are subject to change. Estimated amounts for the 2025-2026 academic year are indicated below.

Contract Fees

Contract Fee (non-refundable)	\$50
Spring Prepayment	\$140
Reactivation/Reassignment Fee	\$50 per occurrence
Buyout	Dependent upon cancellation date and reason. See Terms & Conditions.

Contractual Violation Fees

Improper or Late Check-out	Up to \$100 per incident
Room Transfers	First transfer each academic year is free, and after, it's \$100 per transfer
Consolidation Fine	\$100 for failure to prepare unit for roommate
Life-safety Violation (tampering with fire/safety equipment, throwing things out the window)	Up to \$500 per incident and cost of repair

Maintenance/Damage Charges

Trash Removal	\$25 per bag
Cleaning Charge	\$38 per labor hour and all associated materials
Maintenance Charge (not requiring a licensed journeyman)	\$60 per labor hour and all associated materials
Trades Maintenance Charge (electrical, plumbing, etc.)	\$80 per labor hour and all associated materials
Damage or Missing Item Charge	Variable
Community Vandalism	Variable, split amongst residents
Abandoned Goods/Furniture Removal	\$250 per item
Failure to prepare unit for pest control	\$25 fine plus labor, materials, and contractor charges
Failure to prepare unit for maintenance repair	\$25 fine plus possible associated charges

Other Charges:

Lock Outs	\$10 per incident, first incident from Desk is free of charge
Lost Mailbox/Lounge Key	\$30 per key
Lock Change (required for lost room key)	\$150 or up to \$15 for after hours
Unreturned or Late Equipment Return (Carts, Fobs)	\$5 for every 30 minutes late, up to \$30 or replacement cost
Animal Cleaning	Up to \$200

Standards of Residence

Introduction

The University Housing and Residence Life (UHRL) Standards of Residence serve as an extension of the UHRL Housing Contract and Terms and Conditions to which each resident agrees before moving into UHRL housing. In signing a UHRL contract, the resident agrees to the policies outlined in these Standards of Residence. Residents are accountable to and contractually obligated to abide by the entire Standards of Residence. In addition, violations of the Standards of Residence may also constitute a violation of the [Code of Student Conduct and Responsibility](#), for which all students are responsible. The Student Code of Conduct is administered by the Dean of Student Life office, which grants authority to UHRL for adjudication and administration of the Student Code of Conduct and these Standards of Residence within residential buildings for residential students and their guests.

Expectations and Responsibilities for Community Living

UHRL policies and structures are created to protect and promote student success. As an individual choosing to live on campus, you share with your neighbors a reciprocal responsibility to align your actions with the values conducive to student success and community engagement. With this principle in mind, you are free to:

- sleep and relax in your room
- read and study in your room
- live in a clean, safe environment
- access your room and shared spaces/amenities
- respectfully confront another's behavior that infringes upon your rights or personal health
- feel security for yourself and your personal possessions
- seek the aid of staff in resolving possible conflicts within your living space or community

Staff will help ensure these rights through thoughtful discussion and open communication with your roommates, suitemates, and other floor/hall residents. We sincerely desire that students choose behaviors that support and respect all community members. UHRL staff, in collaboration with and as delegated by the Office of the Dean of Student Life, will administer the student conduct process to promote accountability to PSU and UHRL policies. In support of community interests, staff members may investigate and, if warranted, confer with and sanction students for violating these policies.

Compelling Community Interests

UHRL policies have been created to support four “Compelling Community Interests” (See *Judicious Leadership for Residence Hall Living*, Forrest Gathercoal, 1991, Caddo Gap Press).

These Compelling Community Interests are:

Health and Safety

Policies and procedures have been developed to help protect students against incidents or behaviors that may jeopardize the physical, mental, or emotional health and/or safety of either the group or the individual. As such, there is a community interest in aligning personal behavior with policies that improve the health and/or safety of the living environment.

Property Protection and Stewardship

Care and protection of both community and personal property are a shared responsibility of all members. Individuals must work together to reduce property loss or damage.

Maintenance of the Best Possible Educational Environment

For a large number of people to live together successfully each member of the community must respect the expectations of the other members. You must abide by the community standards to preserve the power of community which promotes your success and engagement.

Legitimate Educational Purpose

With the basic premise that students attend college to attain a degree, certificate, or for personal advancement, inhibiting the accomplishment of this goal contravenes the educational purpose of the University and the Residential Campus Community. Therefore, University Housing and Residence Life has established policies and functions that promote this interest.

University Housing and Residence Life Standards of Residence

Standards of Residence and Prohibited Conduct

PSU's Code of Student Conduct and Responsibility (Code) prohibits the violation of any University Policy, which includes the UHRL Standards of Residence, outlined below. Students are encouraged to become familiar with the Code and Standards of Residence to understand the expectations as students and residents and to understand the process under which policy violations will be reviewed.

The following constitutes prohibited conduct for which a party is subject to disciplinary action. Such behaviors that constitute a potential violation of the Standards of Residence and/or the PSU Code of Student Conduct and Responsibility may be reviewed and adjudicated by the Office of the Dean of Student Life or designated UHRL Conduct Officers.

1. Alcohol:

Illegal possession, use, intoxication, and distribution of alcohol; alcohol-related behaviors that detract from PSU's educational purpose or interfere with a disruption-free environment. This alcohol policy applies to all residents, regardless of age. The University seeks to maintain an environment conducive to intellectual and personal wellness and growth. Alcohol possession and use by students of legal age is only permitted in line with the contents of this policy. Failure to adhere to the policy may result in a staff response which may result in the removal of remaining alcohol (in the form of pouring down a sink), conduct action, and/or restriction of the privilege to use/possess alcohol on campus. Violations of the alcohol policy may include, but are not limited to:

- Consuming, possessing, or being under the influence of alcohol while under the age of 21
- Possessing or being in the presence of alcohol paraphernalia while under the age of 21, except in the case of roommates of differing ages being in their room together. Paraphernalia could include: empty containers of alcohol (including decorative uses), cups with residue of alcoholic beverages, beer bongs, etc.
- Being in the presence of alcohol consumption while under the age of 21, except in the case of roommates of differing ages being in their room together
- Detectable and/or disruptive alcohol intoxication regardless of age. Intoxication may be considered detectable and/or disruptive if it interferes with community interests or disrupts normal operations of the residence halls
- Possession of alcohol in a living space assigned to resident(s) under the age of 21, except in the case of roommates of differing ages being in their room together
- Consumption of alcohol in areas other than an enclosed residential room, such as hallways, doorways, lounges, public areas or restrooms, etc.

- Using alcohol in the presence of someone under the age of 21, except in the case of roommates of differing ages being in their room together
- Being in the presence of illegal possession or use of alcohol
- Providing alcohol to someone under the age of 21
- The possession or use of excessive quantities, unmarked, or common sources of alcohol
- The production, sale, or manufacturing of alcohol

Residents are encouraged to talk to friends and roommates about these restrictions related to alcohol to ensure that your behaviors are in line with these expectations. For roommate or suitemate pairs that differ by legal drinking status (age), talk with each other and hall staff members for help planning how to manage adherence to this policy.

2. Bias Related Behavior:

Incivility, abuse, or any behaviors/actions directed towards an individual or group based upon actual or perceived identity characteristics or background (e.g., skin color, religion, sex, sexual orientation, race, ethnicity, national origin, gender identity and expression, age, or physical, mental, or emotional disability).

Examples:

Bias Incidents:	Not Bias Incidents:
A penis or vagina drawn on the door of a resident who is transgender	A penis or vagina drawn on a bulletin board
"F--k women" spray painted in the stairwell	"F--k" spray painted in the stairwell
A sign that says, "Homo" posted on a resident's door	A sign that says, "Jessica is the worst" posted on a resident's door (this is bullying, not bias)
A white student yelling, "I hate your kind" at a Black or African American student	A white student yelling "I hate you" at a Black or African American student
A cross carved on a Muslim student's door or a swastika drawn anywhere	Initials carved on a table

3. Building Access:

Providing access to unauthorized individuals, sharing or duplicating keys or access badges, or accessing spaces for which you are unauthorized. Access control is a very important health and safety issue for an urban campus. Our private residential spaces are not open to the public. Each

resident must do their part to protect access. You must not allow non-residents into the building or provide access via the elevator or stairs to residential floors. The Campus Public Safety Office and University Housing and Residence Life should be contacted if an unauthorized individual enters the building behind you or pressures you to grant them access.

Residents have access to their rooms and shared spaces. Some spaces within the hall are locked and/or restricted for health and safety reasons (i.e. ledges, roofs, non-occupied residential rooms, non-public spaces, etc). Accessing or entering such a space is prohibited.

Examples of prohibited behavior under this policy include, but are not limited to:

- Negligently or intentionally providing access to non-residents or anyone who does not have privileges to access a given residential or common space. Some individuals are trespassed or prohibited from entry to residence halls, by conduct action, university directive, or Public Safety, police, or court order. You are not permitted to host or allow entry for such individuals
- Unauthorized possession, duplication, or use of University keys
- Misuse of an electronic access card or security feature
- Propping open or preventing the closing/locking of security doors
- Unauthorized entry into any secured or restricted space
- Allowing unauthorized individuals to enter the building, use the elevator, or gain access to any part of a residential building

4. Civility:

Abusive or adverse treatment of residents, guests, or staff members, such as harassment, bullying, or any behavior that results in a hostile work, living, or academic environment.

5. Collusion:

Inciting, assisting, facilitating, being in the presence of, or acquiescing in the engagement of any violation of the Standards of Residence, PSU Code of Student Conduct, or law. Conduct action may follow if your actions or presence connects you to a policy violation.

6. Drugs:

The Drugs Policy prohibits behavior relating to drugs and harmful substances. Campus Public Safety Office (CPSO) may be notified and often involved in any action concerning drugs in the Residence Halls. Behavior prohibited under this policy includes but is not limited to the following:

- The possession, use, sale, or distribution of any drug, drug paraphernalia, or controlled substance prohibited by state or federal law. This prohibition includes the possession, use, sale, or distribution of marijuana in any form.

- Being under the influence of a drug or other substance prohibited by state or federal law. This prohibition includes being under the influence of marijuana.
- Being in the presence of unlawful drug use or possession of drug paraphernalia as defined by state or federal law. This prohibition includes marijuana in any form.
- Medicinal marijuana use or possession on campus. PSU residence halls cannot accommodate the possession or use of marijuana, regardless of the possession of appropriate medical marijuana authorization.
- The unlawful use, unsafe use, or abuse of prescription drugs or the dangerous use of over-the-counter products.
- Possession, manufacturing, or use of K2, Salvia, Spice, or psychoactive herbal products.

In response to potential fire safety and property damage, risks associated with smoking, or the production of drugs, Housing and Residence Life staff may need to key into spaces to investigate and resolve any potential safety issues.

7. Endangering Behavior:

Behavior that endangers or threatens the health and safety of any individual, community or group. University Housing and Residence Life may proceed with conduct action in response to dangerous or potentially dangerous behaviors. Such behaviors, regardless of intent, could warrant contract termination or interim conduct action while a situation is being investigated and adjudicated. Such behavior may include but is not limited to:

- Negligently, recklessly, or intentionally causing physical harm
- Direct or indirect threats or intimidation
- Behavior that creates undue mental stress or emotional harm to any person
- Hazing—requiring actions or situations that produce mental or physical discomfort, embarrassment, harassment, or ridicule as a part of initiation into a group
- Inappropriately handling or disposing of biohazards, including, but not limited to, medical syringes, blood, and other bodily fluids
- Violating reasonable privacy expectations that could cause distress or threaten one's ability to feel reasonably safe and comfortable in the living space. Examples of this behavior include the use of audio, video, or electronic means, telephonic or email harassment, etc. This policy prohibits installing and/or using a smart doorbell or home security system that video- or audio-record individuals without their consent, in congruence with the Student Code of Conduct section regarding Electronic and Digital Misconduct
- Dropping, throwing, or permitting objects, either liquid or solid, to be ejected, affixed to, or placed out a window. This may include objects placed on window sills or in positions where they could plausibly exit through the window

8. Failure to Comply:

Failure to comply with a reasonable directive or request for information made by a University official while acting on behalf of the University or in their role as an employee or representative. Residents are required to comply with official requests or directives of University staff and officials. UHRL Student Leaders are considered to be University staff and officials while performing duties of their leadership role. Residents must not interfere with or obstruct staff performing their duties. Residents must not provide false information to University officials.

Compliance is a critical aspect of safety and security. Staff members must be able to ascertain identification and cooperation from individuals and groups in order to resolve a situation. Failure to comply is prohibited and could include, but is not limited to the following behaviors:

- Refusal to present ID
- Falsely identifying yourself by name, age, residence, etc.
- Providing false information to University staff and officials
- Refusing or ignoring a directive from a staff member who is performing their duties
- Failing to open one's room/unit door at a staff member's request
- Purposely violating a policy, directive, or restriction communicated by University staff or officials

Failure to Comply sometimes occurs in conjunction with other policy violations. Students who do not comply may face elevated consequences which are often more significant than the original violation alone and may result in removal from University Housing.

9. Fire and Life Safety Hazards:

Behavior that violates the processes, codes, and standards related to fire and life safety or any behavior that may contribute to a fire and/or safety hazard. Violations of this policy include, but are not limited to:

- Tampering with, removal of, or destruction of security screens and/or window limiters
- Sitting, standing, or being on any window ledge
- Failing to immediately evacuate during a general alarm
- Causing the building or floor to go into general alarm without just cause. Most buildings will go into general alarm when a public area (hallway) or multiple smoke detectors perceive smoke. You hold responsibility for controlling cooking smoke by venting through a window, rather than a hallway door. If a general alarm is caused by inattentive cooking, leaving equipment on, or overloading laundry machines, such behavior may violate this policy. Students must not use fire "pull stations" in non-emergency situations. Such false alarms could result in criminal action in addition to conduct action. Conduct action could include restitution for costs associated with false alarms.

- Tampering with or damaging fire equipment, including sprinklers. If you perceive a malfunction of fire equipment, you must submit a work order promptly. Students should not remove, cover, alter, or tamper with fire equipment for any reason.
- Accessing and/or utilizing fire equipment inappropriately or in a non-emergency situation
- Hanging items on sprinklers, blocking or covering sprinklers or smoke detectors
- Accessing fire escapes in non-emergency situations
- Being on the roof or the exterior of any building, including fire escapes, except when authorized (such as in an emergency)
- Obstruction of clear egress or accessible movement from room, hallway, or building. Hallways, foyers, fire exits, and doorways are thoroughfares. Gathering or compiling physical objects, such as furniture, decorations, boxes, etcetera in thoroughfares is prohibited as they impede effective evacuation in case of an emergency. Large objects such as bikes or scooters must not block egress pathways.
- Large or overloaded gatherings in student rooms. If you need larger spaces for group events or studying, consider common spaces within your building, the University Success center in Ondine 207, or study rooms at the Library.
- Covering more than 50% of a door or wall with combustible materials (for example wood, paper, rubber, plastics, etc.)
- Placing furniture within three feet of the ceiling or any fire sprinkler, smoke detector, or other fire detection or suppressing equipment
- Building or using a resident-built loft or elevated bed. See UHRL Furniture/Raised Bed Policy for more information

10. Flammable Materials and Fire Safety:

Residents must not present the residential community with unnecessary and/or prohibited risks of fire or smoke. Violations of this policy include, but are not limited to:

- Possession of a live tree adorned with lights
- Setting or fueling a fire of any size, and/or purposefully creating smoke
- Possession and/or the burning of candles, incense, herbs, and/or oils
- Storing flammable or combustible liquids or gasses. These limitations are not intended to preclude the possession of hair spray, cosmetics, or medicines. This policy will be applied judiciously considering reasonable use/storage of such materials.
- Possession of incendiary or explosive materials, including fireworks, live ammunition, etc.
- Leaving any cooking device unattended while in use and/or failing to provide adequate ventilation while cooking
- Exposing heat sources to combustible or flammable material. Examples include placing fabric over lamps, exposing kitchen appliances to flammable materials, or putting decorations, curtains, or other items above heaters, lamps, or other heat sources.

- Possession or use of appliances or electrical equipment that present a fire risk due to open heating elements or overtaxing electrical systems. Examples of appliances and items that are prohibited due to this risk include:
 - All non-UL approved appliances
 - Power strips without surge protection. Extension cords must have surge protection.
 - “Daisy-chaining:” Plugging one power strip or extension cord into another increases electrical safety risk and is prohibited
 - Major appliances (such as dishwashers, deep freezers, etc).
 - Items with exposed heat sources
 - Halogen lamps
 - Lava lamps
 - Toaster ovens (toasters are permitted)
 - Space heaters, other than those provided by UHRL staff and operated in a safe manner. Please contact the Housing and Residence Life Office if you feel that heat in your room is inadequate.
 - Items without thermostat control or auto-shut-off, such as certain hot plates, hot pots, grills, etc.
 - Microwaves larger than 900 watts
 - Refrigerators larger than four cubic feet or that use more than 1.5 amps. Refrigerators brought to campus must be in good working condition.

University Housing and Residence Life reserves the right to restrict appliances and other items at any time that in our sole estimation pose a danger or hazard to the community and/or facilities.

11. Unauthorized Guests:

Allowing unauthorized individuals access to residential spaces and/or permitting individuals to remain in residential spaces beyond the authorized time period. Only residents, their guests, and approved University staff and officials are permitted into residential spaces within the residence halls. Residents are welcome to have guests visit, as long as guest visits are in line with the expectations included in this policy.

Violations of the Unauthorized Guests Policy may include, but are not limited to, the following behaviors:

- Failing to adhere to reasonable, voiced preferences of a roommate or suitemate regarding guests. Guests must be approved by all students who share the room/suite. If your room or suite cannot come to an agreement about guests, please contact UHRL staff (Resident Assistant, for instance) for assistance before violating roommate or suitemate preferences.

- Failing to escort guest(s) at all times
- Possession or use of access badges, keys, or other unauthorized methods of entry by guest(s)
- Failure to monitor or influence guest behavior to ensure adherence to the Standards of Residence
- Guest(s) remaining in the host's room without host resident present
- Hosting a guest or combination of guests for more than two consecutive days or five days within a given term. Approved exceptions may be granted by contacting the Residence Director for the community. Requests must be made prior to a guest visit.
- Hosting a guest who is a minor without receiving the proper permissions from that guest's parent/guardian and your Residence Director.

A guest is defined as any person you allow into and/or host within the residence halls. You are expected to accompany your guest at all times in the building, including when they enter and exit the building. Guests do not have all the privileges and access as a resident. You may not loan your card access or room keys to your guest.

Residents must encourage and take action to ensure responsible behavior by guests. This policy acknowledges that you may not be able to completely control another person's actions, but you can influence who you host, how they behave, and what they do in the community. Failure to monitor or influence guest behavior to ensure adherence to the Standards of Residence is prohibited. Residents may be held responsible for violations committed by their guests. For example, if your guest uses illegal drugs in your room, you may be held responsible for a violation of the drug policy, regardless of whether you used it. You may also be held responsible for violating the guest policy.

If you need help managing guest behavior or a guest is behaving outside of your voiced expectations, you should contact Campus Public Safety (CPSO) or a UHRL staff member immediately. Doing so may reduce your accountability for their actions.

Resident students who host minors as guests take on a special and extra responsibility due to the age of the minor guest. Minors, defined as non-students under age 18, require greater supervision and guidance than most adult guests. All guest policies and rules apply where a minor is allowed to visit in the residence halls. The following rules also apply to minors and their hosts:

1. Guests who are 16 or 17 years old may remain in or visit residential areas with a resident student host subject to the prior approval of the Resident Director, which approval will not be granted unless the guest and/or the resident host provides UHRL with written permission from the guest's parent/guardian authorizing their child/dependent to visit PSU's residential campus with that particular resident as host. This permission should include emergency contact information for the parent/guardian.

2. Guests under the age of 16 may visit only in rare circumstances. The guest and/or their resident host must provide UHRL with permission from the guest's parent/guardian authorizing their child/dependent to visit PSU's residential campus with that particular resident as host and all such requests must be approved in advance by the Residence Director of that community. This permission should include emergency contact information for the parent/guardian.
3. Dependent minors of residents are not allowed to have minors as guests in residential areas at any time, however the adult student resident may host minors as guests during the daytime if the minor guest is in the physical presence of the student resident during those hours and may host minor children during quiet hours and overnight in accordance with the rules above.

13. Disruption of Operations and Services:

Any action by a resident or guest that disrupts, interferes with, or prohibits staff from providing regular operations of UHRL operations and services, including misuse, obstruction, or abuse of UHRL services, space, or personnel, and/or misappropriating the time and attention of Housing and Residence Life staff. Such behaviors may include, but are not limited to:

- Accessing the dining center, office spaces, and shared residential areas without shirt and/or shoes
- Acting in a disorderly manner in dining areas, office spaces, and shared residential areas
- Utilizing another student's meal card or allowing another person access to a student's meal card
- Misuse of services, such as office or duty phones
- Failure to prepare room. Residents must adhere to requests from UHRL to prepare their room/unit for work to be completed and for future roommates to be able to move into an open space.
- Use of any wired or wireless device that interferes with or degrades PSU's network. See the detailed policy in "Campus wired and wireless network access, Internet, and Web Communities" in the Services section of this document.
- Exceeding three lock-outs within a 30-day time period
- Abandoning property
- Leaving trash, debris, or personal property in hallways or other general use space for any period of time
- Removing window screens from designed placement
- Misuse, alteration, detention, or occupation of shared spaces. Many different behaviors could fall under this policy. One example would be that sleeping, meditating, or lengthy presence in hallways or lounges prevents others from freely using space, and therefore would be prohibited. Rooms are intended for such personal uses. If you would like to

utilize a public space for an event or activity, it should benefit the community overall. Contact the Residence Director for the community for approval and/or reservation.

- Delivery of items we cannot accept as packages at the area desk. Items will not be accepted and conduct action may follow. Please review the mail section in the Housing Handbook for more information about packages.
- Installing locks or other fixtures to university furniture or rooms
- Removing university furnishings from rooms
- Using a provided mattress without sheets
- Possessing, storing, or using an electric scooter in housing or dining facilities

14. Noise and Disruptive Behavior:

Behavior that disrupts other residents or interferes with the living environment, excessive noise, or noise that occurs during quiet hours. These behaviors include, but are not limited to:

- Engaging in noisy, disorderly, or disruptive behavior
- Interfering with another resident's reasonable ability to sleep, study, or be present in one's own room or residence hall without disruption
- Violating the University's Quiet-Hours policy or excessive noise expectations.
 - Quiet Hours are 10:00pm to 8:00am every night except during "Study Week" (the week before finals) and Finals Week when Quiet Hours are 7:00pm to 5:00pm (22 hours)
 - Courtesy hours are 24 hours a day
- Failure to reasonably comply with requests from any community member to reduce the impact of your noise or disruption
- Behaviors or negligence that cause(s) unreasonable disruption to another person or the educational living environment
- Creating or contributing to an avoidable urgent situation to which University officials or emergency personnel are required to respond

If you experience someone else being disruptive or noisy, you may respectfully address that situation with them and request resolution. Often students respond very well to direct communication. Residence Life staff may be contacted to help seek resolution for disruptions. Please be mindful that when Residence Life staff witnesses or receives reports of disruptions, they are compelled to report and respond to this occurrence, which often may result in conduct action.

The University has established quiet-hours between 10:00pm and 8:00am. Quiet-hours are expanded during the last week of classes and during Finals weeks of Fall, Winter, and Spring quarters to 22 hours a day, 7:00pm to 5:00pm the following day. In addition, if a student or staff member reasonably requests for you to reduce noise levels, you must comply with that request, regardless of time. Noise that is considered excessive or unreasonable is prohibited 24 hours a

day. Examples of excessive noise include but are not limited to drums, amplifying music out a window, music instruments (amplified or naturally loud), and yelling. For students who wish to practice instruments, there are music rooms available in Lincoln and Cramer Hall. Note that these music rooms may be limited to music majors or those taking music classes/lessons.

Sometimes disruption is caused by noise, but some behaviors, odors, or environmental factors may be considered disruptive. Disruptive odors could include smoke, dirt, trash, or spoiled, abandoned, or rotten food items. Residents must be mindful of how cleanliness and other personal habits can disrupt others and take action to prevent this disruption.

Disruptive behaviors could include riding a scooter, skateboard, bike, or other wheeled device indoors, playing sports or activities in your room or hallway, using laser pointers outside of an academic or intended use (such as pointing it at people or personal spaces), bodily substances released outside of a restroom, or concerning comments, threats, or abuse. If personal behavior has the potential impact to affect others and the community, that is when it becomes a policy issue.

15. Unauthorized Pets:

The presence of unauthorized animals or pets in the residence halls, with the exception of fish. Fish tanks cannot be over ten gallons and only one tank is allowed per room/unit. Service animals and approved support animals are not pets.

16. Posting, Sales, and Solicitation:

Unauthorized posting of signage, sales, and solicitation in the residence halls. Posting materials for publicity must be approved through the Housing and Residence Life office. Students may not act as sales agents or establish a business in UHRL spaces. Students or groups with an interest in engaging in recruiting members, raising funds, distributing materials, or other similar behavior must seek approval from University Housing and Residence Life. Such behaviors are prohibited without written permission from University Housing and Residence Life. See Posting Regulations to reference guidelines.

17. Property Damage:

Causing (deliberately or unintentionally), or attempting to cause, damage, destruction, alteration, or defacement to property of the University, a group, or an individual. Vandalism of property, decorations, or signage constitutes a violation. Work on facilities or rooms must be performed by University maintenance, facilities staff, or university designated contractors. Residents are responsible for any damages caused by their guests. Prohibited actions include, but are not limited to:

- Installing fixtures or attachments to facilities, including shower attachments
- Mounting televisions, shelves, speakers, or other items to walls or ceilings
- Damage caused by affixing items to any acoustical textured walls or ceilings

- Use of nails, hooks, screws, or bolts into walls, ceilings, floors, or university furniture
- Painting rooms
- Damaging furniture when moving items within room
- The use of waterbeds and other water furnishings
- Transferring university furniture from one room to another. University furniture assigned to a residential space may not be stored elsewhere in or out of the building.
- Cinder blocks, PVC, or metal pipes may not be used in construction or support of furniture or items in the room
- Damaging or tampering with coin-operated machinery
- Damaging or tampering with elevators

18. Assistance Animals:

Students living in University Housing and Residence Life must abide by the [PSU Assistance Animal policy](#), which establishes standards for permitting individuals with disabilities who depend on assistance animals to have equal access to the facilities, programs, services and activities of the university.

In addition to adherence to all expectations described in the PSU Assistance Animal policy, residents may not leave animals alone and unattended for extended periods of time in UHRL housing. A resident may designate an individual as a “caregiver” for a short/temporary period of absence using the caregiver process described in the Services section of the Housing Handbook. Failing to follow the expectations of the caregiver process (for example, not registering the caregiver with UHRL or utilizing a caregiver for longer than the maximum 2 consecutive day period) may constitute a violation of this standard of residence.

19. Smoking:

Smoking of any substance, use of smoking and/or vaping devices, or the use or possession of tobacco in the residence halls is prohibited, as it overlaps with standards relating to fire safety, property damage, environmental health, and disruption of the living environment as well as with the Smoke and Tobacco Free Campus Policy.

The following actions are prohibited inside any residence hall or anywhere on the PSU campus:

- Smoking or the use or possession of tobacco
- Smoking any substance in any way and/or with any smoking device
- The use of electronic cigarettes or vaporizers
- The use or possession of hookahs
- The use or possession of any smoking apparatus or tool
- Creating smoke of any kind by any means

Due to the fire safety and property damage risks, Housing and Residence Life staff may need to key into spaces to investigate and resolve potential issues of smoking and smoke in the hall.

Additionally, conduct and cleaning charges will apply for any room that requires cleaning or odor control due to the detection of smoke odor. Cleaning and deodorizing the room is the responsibility of the resident. If upon later inspection by UHRL staff, the room does not smell clean and deodorized of the smoke smell, the student will be charged for extra cleaning. Fines include a minimum \$250 for burning candles or for smoking tobacco or marijuana.

20. Theft:

Attempted or actual theft of property or services, possession, occupation, or use of stolen property, removal or repossession of university, public, or personal property, decorations, or signage.

21. Weapons:

Use or possession of weapons while in UHRL, failure to report a known weapon, or the possession of a weapon by a guest, including firearms and reasonable facsimiles, unauthorized blades, or the use of any item in a manner that causes physical harm, threat to physical safety, or undue mental distress. University Housing and Residence Life will work with the Campus Public Safety Office and the Dean of Student Life office to follow up on reports of weapons. Concealed weapons permits do not apply to the PSU campus. The following are prohibited under the weapons policy:

- Using any object in a manner that could cause physical harm or undue mental stress. Any item used to harm, threaten, or intimidate may be considered a weapon.
- Possession of a weapon, firearm, or dangerous item. Prohibited items include, but are not limited to airsoft guns, switchblades, metal knuckles, nunchakus, spears, martial arts weapons, electric or electroshock weapons, etc.
- Possession of an object with a blade longer than four inches or ten centimeters, which could include swords, machetes, knives. Kitchen knives used and stored appropriately may be excluded from consideration as a weapon.
- Possession of a reasonable facsimile of a weapon, which could include airsoft guns, bb-guns, replica weapons, etc.
- Failure to report the known presence of a weapon, firearm, or dangerous item.

22. Wireless and Wired networks:

Violation of Wi-Fi policies or actions that may interfere with PSU's Wi-Fi networks. Personal wireless networks cause degradation to PSU's residential Wi-Fi. See the detailed policy in "Campus wired and wireless network access, Internet, and Web Communities" in the Services section of the Housing Handbook for details on acceptable and unacceptable wireless devices.

Use of wired network switches, hubs, or ethernet splitters on PSU's network is not permitted.

Wired network routers are allowed on PSU's network, so long as it has no wireless capability or the wireless capability has been completely turned off. Residents are prohibited from operating any web or file servers on PSU's network.

Devices found to be in violation of these policies are automatically identified by the Office of Information Technology. Severe or repeated violations may result in student conduct charges. PSU reserves the right to confiscate these devices as well.

Notice of Changes in Standards of Residence

Students will be notified of all changes in, additions to, and deletions from existing Standards of Residence through methods that could include updating the Housing Handbook as posted on the University Housing and Residence Life website, email, campus mail, postings in UHRL buildings, or information provided to the residents by their Resident Assistant (RA). All changes are applicable to all students upon publication which includes when it is posted on the PSU web page.

The Residential Conduct Process

PSU's Code of Student Conduct (Code) prohibits the violation of any University Policy, which includes the UHRL Standards of Residence. Alleged violations of the Standards of Residence and/or other sections of the Code by residents will be reviewed under the Student Conduct process by a UHRL or Dean of Student Life Conduct Officer.

As a part of this review process, residents will:

1. be notified of the alleged violation of applicable policies;
2. have those charges reviewed by a Conduct Officer in a conduct review meeting;
3. have the opportunity to respond, in writing or in the conduct review meeting, to the allegations and provide information to be considered;
4. be provided notice of the outcome of the review and any applicable sanctions.

Students are expected to check their PSU email account for official communication from the University and UHRL. Notices of allegations will be issued by the Conduct Officer to students' PSU email accounts.

A student may opt to attend the conduct review meeting, provide a written statement instead of attending their conduct review meeting, or may choose to not participate in the conduct review process. In all instances, the hearing officer will review all available information to determine the outcome of the alleged policy violation; therefore, the student is encouraged to participate in the process. However, should a student opt not to participate, a determination of responsibility and, where applicable, sanctions will be made without the benefit of their participation.

Conduct Review Meetings

A conduct review meeting is an administrative review of the information relevant to the charges. Students alleged to have violated a policy will be invited to participate in this meeting to respond to, verify, and/or deny the charges or the relevant information. If a student does not attend a conduct review meeting, the case may be heard in the student's absence with the information available at the time of the meeting.

These meetings seek to determine whether or not a student is responsible for the charged violations by collecting and reviewing the available information. The conduct officer will look at the available information and determine the outcome of the case by a preponderance of the evidence (whether the alleged behavior is more likely than not to have happened). If the conduct officer needs to verify information, interview additional witnesses, or corroborate accounts, the conduct officer may defer the decision later.

Sanctions

A sanction is an administrative response to individual policy violations assigned by the conduct officer. If a student is found responsible for a violation, the conduct officer will assign a sanction

or sanctions. These sanctions will be outlined in a decision notification letter sent to the student's pdx.edu email account. The conduct process seeks to identify educational opportunities for students who have violated policy. Sanctions include warnings, written reprimand, probation, restitution and/or fines, loss of privileges, educational assignments, room reassignment, contract probation, contract termination, exclusion from some or all of campus property, suspension, and expulsion.

Appeals

A student may appeal the outcome of a hearing by filing a written notice of appeal. The UHRL Appeals Officer is the Executive Director of Housing and Residence Life or their designee. A written notice must be filed within ten business days of the notice of outcome and must specify in detail the grounds upon which the appeal is based. Dissatisfaction with a decision is not grounds for appeal. Appeals can be emailed to conduct@pdx.edu.

Grounds for Appeal:

1. Demonstrated errors in the conduct process. Provide a typed and detailed description of the error(s) in the Conduct process that took place. Reference the [Code of Student Conduct](#).
2. Relevant evidence/information not available at the time of the original hearing has been discovered. Information must be significant enough to have had an impact on the outcome. Provide a typed and detailed description.
3. The sanction(s) imposed were outside of the University's authority. Provide a typed and detailed description that demonstrates how the imposed sanction(s) are outside of the University's authority.

There is only one opportunity for appeal. Failure to file the notice within ten business days will constitute a waiver of the right to appeal. The appeal process is an administrative review of the appeal request and available information. It is designed to be informal to ensure fundamental fairness is applied to a conduct case; no formal rules of evidence or procedure will apply.

An appeal is not a re-hearing of the case. If an appeal is approved, the Appeal Officer, the Executive Director of Housing and Residence Life, or a designee, will determine the next steps for the case. Sanctions determined at the time of hearing remain in effect unless the Appeal Officer determines otherwise.

Safety and Security Statement

Students contracted to live on campus agree to take primary responsibility for their own personal safety and security, and to support the safety and security of fellow residents, the buildings, and shared spaces. The University and UHRL will work cooperatively with students to promote a safe and secure environment, although safety cannot be guaranteed. Students agree

to read and abide by security policies and precautions stated in this publication, and all other University publications.

All PSU students are expected to follow all University Policies and Rules, including the [PSU Code of Student Conduct and Responsibility](#). Students may [submit a complaint online](#) or by contacting a Residence Life Staff member.

PSU students are encouraged to register with the [PSU Alert Emergency Notification System](#).

Personal Conduct and Passive Involvement

Being a member of a community means understanding and adhering to community standards and policies. It also means taking an active role in the development and well-being of that community. As a community member, you are responsible for your behavior and the choices you make. We hope you will choose to abide by all university and housing policies as well as community standards. If you are ever in the presence of a policy violation, you have some choices:

- You may attempt to stop the violation, only if it is safe to do so or;
- You may contact residence hall or other staff and/or;
- You may remove yourself from the situation.

If you choose to remain at the scene of a policy violation, you may be included in the incident report and may be held accountable for a policy violation. In addition to these choices, some policies suggest or require that you make specific choices to help manage the situation correctly. Please make sure you understand the content of the policies contained in these Standards of Residence.

Students who fail to report knowledge of a dangerous or unlawful item may be held accountable under this policy or the collusion policy.
